Comment Reasons:
Comment:The Little Box Gym is a superb community resource housing a number of small businesses that I use in addition to the gym and classes. It is an asset for people from all walks of life and provides support for people with physical and mental health concerns. The people who go to the Little Box Gym see ourselves as a family who support and look after each other. It is a place of respite and laughter for everyone. Although it caters for everyone the majority of users are women from a variety of ethnic backgrounds and ages. It's easy to get to and means people who are working can go in their lunch hour without taking too much from their working day.
The Little Box Gym provides a vital community service and I strongly object to the potential change in function.
