

Important – Planning permission & notices of consent

Compliance with conditions

- Your planning approval or consent is attached. It will contain conditions that you must comply with.
- Please read the conditions and understand their requirements and restrictions, for example submission and approval of details or measures to protect trees.
- Some conditions will require action before you start development and it is imperative that you seek to have these discharged before any work commences.
- Whilst every effort has been made to group conditions logically, it is your responsibility to ensure that you are aware of the requirements and/or restrictions of all conditions.
- If you fail to comply with the conditions this may result in a breach of planning control and this may lead to enforcement action.
- Failure to comply with conditions may also result in the development not being lawful.
- It is in your interests to demonstrate that conditions have been complied with. Failure to do so may cause difficulties if the property is sold or transferred.
- A fee is payable for each request to discharge conditions.
- For advice on any of these matters, please contact Planning, Manchester City Council, PO Box 532, Town Hall, Manchester M60 2LA or email planning@manchester.gov.uk

Part 1 – Particulars of the application/development

Proposal: Removal and replacement of existing cladding.

Location: Chorlton Mill, 3 Cambridge Street, Manchester, M1 5BZ,

Date of application: 3 March 2025

Application number: 140508/FO/2024

Part 2 – Particulars of decision

Manchester City Council gives notice that the development referred to in Part 1 has been **Approved** in accordance with the application and plans submitted subject to the condition(s) listed below (if any).

Article 35 Declaration

Officers have worked with the applicant/agent in a positive and proactive manner in determining this application by assessing the proposal against relevant planning policies and all material considerations, identifying matters of concern with the proposal and discussing those with the applicant/agent. In this instance negotiation has been able to successfully resolve the identified concerns and issues.

Condition(s) attached to this decision

1) The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason - Required to be imposed pursuant to Section 91 of the Town and Country Planning Act 1990.

2) The development hereby approved shall be carried out in accordance with the following drawings and documents:

- o Location Plan (Planning Portal Reference PP-13147325v1)

- o H4067-BOW-A1-ZZ-ZZ-A-3000: Indicative existing and proposed cladding details (Received 06/11/2024)
- o H4067-BOW-ZZ-ZZ-DR-A-3100: Proposed Front Elevation
- o H4067-BOW-ZZ-ZZ-DR-A-3101: Proposed Side Elevation
- o H4067-BOW-ZZ-ZZ-DR-A-3102: Proposed Rear Elevation
- o Design, Access & Heritage Statement (Prepared by Bowman Riley; Dated 03/10/2024; Received 06/11/2024)
- o Classification of Reaction to Fire Performance (Prepared by Warrington Fire; Dated 21/05/20219; Received 13/11/2025)
- o Fire Statement Chorlton Mill (Dated 31/01/2025; Received 12/02/2025)
- o Performance Specification for Cladding Remediation Work (Dated May 2024; Received 12/02/2025)
- o Façade Metal Rainscreen System Guide (Received 03/03/2025)
- o Material sample: Axalta, Teodur, AP - The Matt Range, AE30217900620 (Received 17/04/2025)

All stamped as received by the City Council as Local Planning Authority on 12/07/2024, unless specified otherwise.

Reason - To ensure that the development is carried out in accordance with the approved plans. Pursuant to policies SP1 and DM1 of the Core Strategy.

3) Prior to the commencement of the development hereby approved, a detailed construction/fit-out management plan outlining working practices during the construction phase of the development shall be submitted to and approved in writing by the City Council as Local Planning Authority. For the avoidance of doubt the plan shall include detail on the following matters;

- o Communication strategy with residents and businesses
- o Display of an emergency contact number;
- o Details of wheel washing where relevant;
- o Dust suppression measures, including a section on air quality and the mitigation measures proposed to control fugitive dust emissions;
- o Compound locations where relevant;
- o Details regarding location, removal and recycling of waste (Site waste management plan);
- o Phasing and quantification/classification of vehicular activity;
- o Types and frequency of vehicular demands - Routing strategy and swept path analysis;
- o Measures to mitigate risks such as objects falling from height and impacting highway users;
- o Parking for construction vehicles and staff;
- o Sheeting over of construction vehicles;
- o A commentary/consideration of ongoing construction works in the locality;
- o Construction and demolition methods to be used;
- o The erection and maintenance of security hoardings where relevant;
- o Details of how access to adjacent premises would be managed to ensure clear and safe routes into buildings are maintained at all times;
- o Community consultation strategy, including details of stakeholder and neighbour consultation prior to and during the development along with the complaints procedure;
- o Pedestrian management proposals;
- o Loading and unloading of plant and materials;
- o The design, erection, maintenance and dismantling of scaffolding.

Manchester City Council encourages all contractors to be 'considerate contractors' when working in the city by being aware of the needs of neighbours and the environment. Membership of the Considerate Constructors Scheme is highly recommended.

The demolition and construction of the development shall then be carried out in accordance with the approved plan.

Reason - To safeguard the amenities of nearby residents and in the interest of highway safety, pursuant to policies SP1, EN19 and DM1 of the Manchester Core Strategy.

4) Prior to the commencement of any works relating to the installation of the replacement cladding hereby approved, exact detail on how it shall abut, join and interact with the property's existing brickwork, balcony, fascia and soffit, shall be submitted to and approved in writing by the City Council as Local Planning Authority. All submitted shall be presented at a scale of 1:20 or lower. The works shall then proceed in accordance with the approved details.

Reason - To ensure that the appearance of the development is acceptable to the City Council as local planning authority in the interests of the visual amenity of the area within which the site is located, as specified in policies SP1 and DM1 of the Core Strategy.

Informatives

Building Regulations 2010

This permission does not grant approval under Building Regulations.

Street Naming & Numbering Requirements

Manchester City Council is responsible for allocating street naming and numbering within Manchester for new developments or property conversions. Individuals or businesses are not permitted to allocate their own property numbers, building or street names.

If your development includes the creation of new dwellings (either new build or conversion of existing buildings), creation of new commercial properties or the subdivision of existing properties you must ensure that you request new or changes to addresses through us so they can be officially allocated and registered in accordance with the Public Health Act 1925 Sections 17-19 & Greater Manchester Act 1981 Section 22.

Failure to do this may result in difficulties for the developer/occupier when requiring services such as connections to utilities, phone lines and postal services and may delay your development.

You can apply online at the following address:

http://www.manchester.gov.uk/info/100011/roads_parking_and_transport/1988/naming_and_numbering_of_houses_buildings_streets_and_roads/2

Mining Information

The proposed development lies within an area which could be subject to current coal mining or hazards resulting from past coal mining. Please read the Standing Advice from the Mining Remediation Authority.

It will be for the applicant to demonstrate that the retained timber areas on the balconies will not contribute to external fire spread and will not negatively impact the means of escape for occupants. It will be for the Accountable Person to demonstrate that building safety risks, including risks relating to fire spread, are being suitably managed as part of the Safety Case regime.

Section 13 of the fire statement confirms that the functional status (usable/operable) of the existing public hydrant is unknown. Without confirmation that there is a suitable water supply, the building might be relying on a disused water main or faulty hydrant. Resolving this issue may affect land use planning considerations such as the Health and Safety Executive landscaping around the development, should additional hydrant installations be required. This will be subject to later regulatory consideration.

HSE advises that all higher risk buildings are now required to be registered with the Building Safety Regulator (BSR). Further information can be found at Applying to register a high-rise residential building - GOV.UK (www.gov.uk). From April 2024 the BSR started the process of inviting accountable persons to submit a safety case for their registered buildings.

Date: 28 April 2025

Signed: 

Julie Roscoe
Director of Planning, Building Control & Licensing

Manchester City Council, P O Box 532, Town Hall, Manchester M60 2LA

Notes

1. This permission refers only to that required under the Town and Country Planning Act 1990 does not include any consent or approval under any other enactment, byelaw, order or regulation.

2 If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, they may appeal to the Secretary of State in accordance with Section 78(1) of the Town and Country Planning Act 1990 within six months of the date of the notice of the decision.

The Planning Inspectorate have introduced an online appeals service that can be used to make appeals online. This service is available through the gov.uk website – www.gov.uk/appeal-planning-decision The Inspectorate will publish details of your appeal on the internet. Alternatively If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State has power to allow a longer period for the giving of a notice of appeal but they will not normally be prepared to exercise this power unless there are special circumstances that excuse the delay in giving notice of appeal.

If you intend to submit an appeal that you would like examined by inquiry then you must notify the City Council (planning@manchester.gov.uk) and the Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. Further details are on GOV.UK.

3. The statutory requirements are those set out in Section 79(6) of the Town and Country Planning Act 1990, namely Sections 70(1) and 72(1) of the Act.

4. If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that they can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990

5. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to them. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.

STANDING ADVICE - DEVELOPMENT LOW RISK AREA

The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to the Mining Remediation Authority on 0345 762 6846 or if a hazard is encountered on site call the emergency line 0800 288 4242.

Further information is also available on the Mining Remediation Authority website at: [Mining Remediation Authority - GOV.UK](https://www.mra.gov.uk)

Standing Advice valid from 1st January 2025 until 31st December 2026
