Comment Reasons:

Comment: I am writing to express my enthusiastic support for the planning application submitted by Something More Productive, to keep their extended operations on selected evenings. They have already established itself as a cherished local café, offering exceptional pastries and imaginative lunch menus that have garnered praise from patrons. The warm and welcoming atmosphere, complemented by great music, has made it a favourite spot for many. By allowing them to keep the extended hours of its services, Something More Productive would not only diversify its offerings but also enhance the local nightlife in a manner that aligns with Withington community-focused ethos. This initiative promises to provide residents with a cozy and familiar environment to unwind during the evenings, further strengthening community bonds.

Moreover, supporting local businesses in their growth endeavours contributes positively to the local economy and ensures the preservation of distinctive character, which is deeply rooted in the success and diversity of its independent establishments.
