Comment Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment:I strongly object to this development mainly due to the effect on services in the area, which are at breaking point already. The area cannot handle this increase in people using its services without an increase in the services provided. The other major issue is the amount of cars and traffic that will appear on Mauldeth Road and the surrounding streets. They are already at choke point in the mornings and at rush hour.
