Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment:I strongly support this business. It has helped bring a lovely community together and a positive atmosphere to our little part of Manchester. It's generated what feels like a brilliant creative and safe space for like minded people to gather, socialise or even have some time alone but amongst what feels like friends.

The owner and staff are always really engaged with customers and I always feel incredibly welcome when walking through the door. In my experience the ownership has always been responsible and respectful when considering the wider community around the business and I feel it is this mindset that has driven them to generate the atmosphere and community that they have. I feel like the business is a great asset to Withington and has helped make our area a better place to live in.
