

6 Parsonage Road, M20 4PQ - application to remove seven overgrown hollies in a conservation area and replace them with five new quality trees

1) Main view of front of house showing the four overgrown hollies at the front

2) View of side of house showing four overgrown hollies plus the driveway

3) View of the driveway showing trees 6 and 7 to be removed. NB A further tree is visible to the right but this is in the back garden and there is no proposal to remove this.

4) View from within the front garden of the three hollies to the side of the house which we are proposing to remove

5) View of the self-seeded willow - about three years old - which we will also be taking out
