Good morning,

Thank you for seeking the views of DfS on the above application. Having reviewed the drawings and the CIS submitted as part of this application. I have no further comments to add. However, I would like to reiterate some of the recommendation in the CIS, which are below.

- Car park, cycle store & pedestrian routes should be illuminated to a high standard, to reduce the potential for crime and the fear of crime.
 - Robust access controls to communal entrances/gate for residents/visitors, including a secure system for the delivery of post/parcels.
- GMP respectfully request the inclusion of a planning condition requiring the development to achieve Secured by Design accreditation.

Best regards,
