Comment: To whom it may concern,

I am writing to express my strong support for Something More Productive's application to expand their hours of operation. SMP has been a welcome addition to our local community, a calm and wholesome meeting space that welcomes everyone.

The nature of the business, staff and its clientele is calm and restrained. This isn't going to evolve into a late-night party spot for student revellers; it's a refined and respectable business that will be conscious of its neighbours. SMP's made a consistent effort to act for the benefit of the community, and if they open late a couple of nights each week, I have no doubt that they will continue to be sensitive and respectful of the locals.

I hope that the local council will prioritise the independent businesses that make Withington such a special place to live. These small, independent spaces make the area feel friendly and culturally vibrant, and we ought to do everything we can to support them. It's challenging for small businesses to stay afloat in the current economy, and increasing SMP's opening hours would help to make the business more sustainable in the long term.

Yours sincerely,
