Comment Reasons:

Comment: Since SMP opened in October 2023 it has been a huge asset to the local community. Theo and the team are hard workers, kind-natured, well-mannered have created a space in Withington that has become a hub for local families, students, long-time residents, come one come all. They support fellow independents, local producers and celebrate community projects in the area providing a safe and welcoming space for people to come together. I have no doubt that a slightly later closing time would be managed safely, respectfully and diligently as all events have been to date. We hope Theo and the team are successful in their application as SMP has really improved our experience of the local area and hope it's here for years to come.
