Something More Productive has created a community which brings people together in a positive way in Withington village.

These adjustments to the opening hours will be of benefit to the local population which has previously been marginalised in an area which caters strongly towards late nights for students but less for people who want to enjoy community, creativity and conversation.

In addition, the proposed hours would offer SMP a chance to have a profit base from which they would then be able to offer more in the way of events and get-togethers which I believe would increase the pull of the area to visitors and would deter anti-social behaviour.
