Comment Reasons:

Comment: I am writing to express my support for the application submitted by Something More Productive.

Something More Productive (SMP) has established itself as a responsibly run, independent business that contributes positively to the local area. The café is more than just a coffee shop-it is a welcoming space where people gather, fostering a sense of community and connection. The owners have clearly put a great deal of effort into making it a special and inviting place to visit.

Extending the opening hours would enhance its business viability by allowing it to cater to a broader customer base. Many other cafés in the area already operate during the proposed hours, and allowing Something More Productive to do the same would ensure a fairer trading environment. Earlier opening hours would enable more people, including myself, to support this independent business before work. Likewise, the evening activities such as barista training, wine tastings, quizzes, and other community-focused events would further enrich the local cultural scene, creating a safe and enjoyable social space.

As someone who works nearby, I welcome the opportunity to support a responsible, well-managed business like this, and I believe the proposed changes will benefit the wider community.

I urge you to consider the positive impact of this application and to approve the request for extended hours.
