Part 2 – Particulars of decision

Manchester City Council gives notice that the development referred to in Part 1 has been **Refused** in accordance with the application and plans submitted for the reason(s) listed below.

Article 35 Declaration

The proposal was assessed against the policies within the Manchester Core Strategy Development Plan Document and the guidance contained within the National Planning Policy Framework. The applicant was advised that the proposal would have a detrimental impact upon the character of the Whalley Range Conservation Area, existing levels of visual amenity enjoyed within the vicinity of the site and result in an unacceptable loss of protected trees. The nature of the proposal is considered to be unacceptable and a solution that was acceptable to both the Local Planning Authority and the applicant could not be reached.

Reason(s) for decision

1) The proposed development, due to its design, siting and orientation, would be out of character with the historic pattern of development found in the area, resulting in an incongruous and overbearing feature that would have a detrimental impact upon the character and spacious nature of the Whalley Range Conservation Area causing less than substantial harm, contrary to policies DM1, EN3 and SP1 of the Manchester Core Strategy, saved policy DC18 of the Unitary Development Plan for the City of

Manchester, Policy JP-P2 of The Places for Everyone Plan and guidance contained within the National Planning Policy Framework and guidance contained within the National Planning Policy Framework and the National Design Guide.

2) The proposed development, due to its design and siting, would form an incongruous feature in the streetscene and have a detrimental impact upon the levels of visual amenity enjoyed within the vicinity of the site, contrary to Policy DM1 in the Manchester Core Strategy and guidance contained within the National Planning Policy Framework and the National Design Guide.

3) The proposed development would have a detrimental impact upon the existing tree coverage and the resultant the loss of trees would have a detrimental impact upon the character of the Whalley Range Conservation Area and the levels of visual amenity enjoyed within the vicinity of the site. The development is therefore considered to be contrary to policies DM1, EN3, EN9, EN15 and SP1 of the Manchester Core Strategy, saved policy DC18 of the Unitary Development Plan for the City of Manchester, Policies JP-P2, JP-G7 and Policy JP-G8 of The Places for Everyone Plan and guidance contained within the National Planning Policy Framework.
