Comment Reasons:

Comment: This is more than just a coffee shop and bar - this is a staple of the community.

It brings people together. There is a beautiful atmosphere here, where people actually talk to one another and make human connection. Something so essential.

I live in the area, coming through this road all the time and never have I noticed this place offering any issues. The owners are very respectful people.

The road in which Something More Productive sits is not heavily residential. There are only a few homes near to the venue and they are not situated right next to this place. It's actually a great road for these guys to be operating on for this reason.

We need more areas such as this which offer considerate nightlife to the area. Cafe Blah (a bar round the corner from here) has been ceased due to an issue with landlords and now this is one of the very few left. Let Withington flourish!

It would be a crying shame for this not to be able to fully thrive. We have a chance to allow this place legendary status. They've hosted some amazing little events in the night time including a jazz night which anyone walking past would have delighted at, I guarantee you. Please let's not suck the life out of Withington.

So many people passionately value SMP and it is one of the very few areas in Withington offering a third space which isn't a pub. Let em live!
