Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: [REDACTED] it is already difficult in the morning to cross the road between my streets. The added traffic congestion, prolonged developments will impact the small area which is already under severe duress. This development will only add more pressure to an already stretched area causing fear of many social issues. Recent application to B&M has been approved so having two developments running simultaneously is going to be a burden upon us local residents. The welfare of the residents must be given consideration.
