Description of Proposed Works

Please describe the proposed works

In order to comply and be ready for the Government's "Pathway for zero emission vehicle transition by 2035" becomes law , I have purchased a new, fully electric car (a Peugeot e208).

I now need a means of charging this vehicle at home to take advantage of the benefits of using an EV and its impact of using less harmful emissions.

I am therefore requesting that I be given permission to install an EV charger on my property in line with your Terms and Conditions.

My property is on a cul-de-sac and is not near any double or single yellow lines. I plan to charge at night and expect to have minimal impact on pedestrians.

For additional context, I have also applied to be included in the cable channel pilot scheme being set up by the Manchester City Council Environment and Infrastructure Team. Therefore, as soon as is possible, I plan to install a cable channel across the pavement in front of my house in order to avoid any possibility of creating a trip hazard. Until the cable is installed, I plan to use a protector to cover the cable, in line with advice from Manchester City Council found here:
https://www.manchester.gov.uk/info/500113/city_centre_growth_and_infrastructure/8437/electric_vehicle_ev_charging/2

I hope this application will be given favourable consideration to help achieve Manchester's goals of reducing emissions.

Biodiversity net gain

Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 sets out that every planning permission granted for the development of land in England shall be deemed to have been granted subject to the 'biodiversity gain condition' requiring development to achieve a net gain of 10% of biodiversity value.

This is subject to exemptions, an exemption applies in relation to planning permission for a development which is the subject of a householder application, within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order (2015)*.

Applicants for planning permission are required to make a statement as to whether they believe the biodiversity gain condition will apply if permission is granted, please confirm:

☑ It is my belief that if permission is granted for the development to which this application relates the biodiversity gain condition would not apply

*A 'householder application' means an application for planning permission for development for an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse which is not an application for change of use or an application to change the number of dwellings in a building.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:
(a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
