Delegated officer report for planning application

Application no. 141959/FH/2025

Date registered valid: 21 January 2025

Proposal: Erection of rear roof dormer and installation of rooflights to front roof slope.

Address: 8 Manor Avenue, Manchester, M16 8DX

Ward(s): Whalley Range Ward

Applicant: Mr Paul Wardle

Agent (if any):

Case officer: Jake Walther
Tel: 0161 234 1632
Email: jake.walther@manchester.gov.uk

Recommendation: Approve

Date of recommendation: **17/03/2025**

Application details

Type of application: Full Householder Application

Development type: Householder

Date of site visit: 20/02/2025

Departure from Development Plan: No

Environmental Statement: Not required

Description of site/building

The application relates to a two-storey semidetached class C3 dwellinghouse on Manor Avenue. The property is finished in white render and red brick. The property has a small front garden with low level red brick boundary treatment, to the rear there is an existing single storey rear outrigger and modest back garden.

Listed building: Not applicable

Conservation area: Whalley Range Conservation Area 1992

Tree Preservation Order: Not applicable

Description of area

Manor Avenue is a residential Street in the Whalley Range Ward. The area is residential in character, consisting of semidetached family dwellings.

Description of development

The applicant is seeking permission for the erection of a rear roof dormer and associated elevation alterations to provide additional living accommodation.

Consultations & Notification Responses

Neighbouring residents, as per appendix 1 – no comments or objections received.

Policy

The Manchester Core Strategy Development Plan Document 2012-2027 –

The City Council adopted the core strategy on July 11, 2012. It is the key document in the Manchester Local Plan. The plan determines how Manchester will grow and forms the framework that planning applications are assessed against. We consider the following Core Strategy Policies relevant to this proposal.

- Policy DM1 – Development Management
- Policy SP1 – Spatial Principles
- Policy EN1 – Design Principles and Strategic Character Areas
- Policy EN3 - Heritage

Extant Unitary Development Plan (UDP)

The Core Strategy replaced much of the UDP, but some UDP Development Control policies are extant (remain). The following extant policy is still considered relevant to this proposal.

- DC1 - Residential Extensions
- DC18 – Conservation Areas

Places for Everyone

Places for Everyone (2022-2039) – Places for Everyone is a long-term plan of nine Greater Manchester districts for jobs, new homes, and sustainable growth. It has been published by the GMCA on behalf of the nine districts and took effect and became part of the statutory development plan on March 21, 2024.

The following policies are relevant:

- JP-S1- Sustainable development
- JP-P2 - Heritage

The National Planning Policy Framework (December 2023)

The document sets out the Government's Planning Policies for England and how these are expected to be applied. At the heart of the Framework is a presumption in favour of sustainable development in terms, "For plan-making" and "For decision-taking", (paragraph 11).

Paragraph 8 - Achieving sustainable development means that the planning system has three overarching objectives, which are interdependent and need to be pursued in mutually supportive ways (so that opportunities can be taken to secure net gains across each of the different objectives):

- an economic objective

- a social objective and
- an environmental objective.

The following specific policies are considered to be particularly relevant to the proposed development:

- Chapter 8. Promoting healthy and safe communities.
- Chapter 12. Achieving well-designed and beautiful places.

Principle

The submitted application is for the erection of a rear dormer to form additional living accommodation. This is considered acceptable in principle as many people prefer to alter or extend homes, rather than move, to meet the changing residential needs of families. However, consideration must be given to the proposal's appearance, impact on the visual amenity of the area and impact on the neighbouring properties' residential amenity. As the property is to remain a single family dwellinghouse, it is not considered that the proposed alteration would give rise to any significant additional waste or car parking pressures.

In this instance the principle of the proposal is considered acceptable, and it is not believed that there are any factors of sufficient weight in amenity terms that would warrant refusal of the application. The proposed dormer is deemed to accord with saved policy DC1 of the UDP and policies DM1 and SP1 of the Manchester Core Strategy.

Sitting, Scale and Mass

The proposed dormer would measure 6350mm across the rear roof plane, projecting out by a maximum of 3080mm from the roof, leaving a gap of 240mm to the roof edge and 360mm to the party wall with the adjoining property. It would be sited in line with the roof ridge but would not project above it. The base edge of the dormer would be set in 500mm from the eaves.

The proposed dormer is standard in terms of its scale. It is noted that there are similar rear dormers extension in this area, with other properties featuring them such as 6 Hazel Avenue, 100 and 117 Dudley Road. It is not anticipated that the dormer element of the proposal would cause any issues in terms of its scale. As such, the development is considered to be subservient to the host dwellinghouse in terms of its dimensions and would not result in 'excessively large or bulky' addition to the property.

Residential Amenity

It is not considered that the proposed dormer would give rise to significant issues related to overshadowing, loss of light, or loss of outlook, nor would it introduce an overbearing presence into the area due to its siting and positioning on the roof of the property. Moreover, it would not compromise the privacy of neighbouring occupiers as the only windows are to be rear-facing and set back from the eaves. As such, they would provide no further degree of overlooking than any existing rear windows in the host dwellinghouse at first floor level.

The proposal therefore accords with policies SP1 and DM1 of the Core Strategy.

No objections have been received in response to the application.

Visual Amenity

The proposed rear dormer would be comprised of slate walls with white uPVC glazed windows to match the existing dwelling. The design is considered to be relatively standard for rear dormers of this type and it would be in-keeping with the appearance of the comparable rear dormers already existing in this locality. In addition to this, the dormer is to be sited at the rear of

the property and, as such, would not be visible from the street scene and would have no significant effect on the overall character of the area.

The design and appearance of the proposed development therefore accords with Core Strategy policies DM1 and EN1 as well as chapter 12 of the NPPF as its impact upon visual amenity is considered to be minor.

Impact on Conservation Area

The application site is located within the Whalley Range Conservation Area (1992) and as such it is important that all new developments should aim to enhance where possible or protect the character of the area and not cause substantial harm to heritage assets within the conservation area.

The proposed dormer would be on the rear roof slope of the main house, and would not be visible from the public highway. It would therefore have minimal impact on the character of the area and the wider conservation area. On the front roof slope, there are 2no, skylights proposed, it is not anticipated this will have a detrimental impact to the street scene. The proposal therefore is considered to accord with policy EN3 of the Manchester Core Strategy and saved policy DC18 of the UDP.

Conclusion

Given the above issues, it is considered that the proposal is acceptable in terms of its principle, siting, scale and massing, appearance, and impact upon existing levels of visual and residential amenity as well as impacts on the conservation area as it broadly complies with policies DC1 and DC18 of the UDP, policies DM1, SP1, EN1, EN3 and EN19 of the Core Strategy and chapter 12 of the NPPF.

Other Legislative Requirements

Equality Act 2010

Section 149 (Public Sector Equality Duty) of the Equality Act 2010 requires due regard to the need to: Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act and; Advance equality of opportunity between persons who share a protected characteristic and persons who do not share it. The Equality Duty does not impose a legal requirement to conduct an Equality Impact Assessment. Compliance with the Equality Duty involves consciously thinking about the aims of the Equality Duty as part of the process of decision-making.

Human Rights Act 1998 considerations

This application needs to be considered against the provisions of the Human Rights Act 1998. Under Article 6, the applicants (and those third parties, including local residents, who have made representations) have a right to a fair hearing and to this end the local planning authority must give full consideration to their comments.

Protocol 1 Article 1, and Article 8 where appropriate, confer(s) a right of respect for a person's home, other land and business assets. In taking account of all material considerations, including Council policy as set out in the Core Strategy and saved policies of the Unitary Development Plan, the Director of Planning, Building Control & Licensing has concluded that some rights conferred by these articles on the applicant(s)/objector(s)/resident(s) and other occupiers and owners of nearby land that might be affected may be interfered with but that that interference is in accordance with the law and justified by being in the public interest and on the basis of the planning merits of the development proposal. She believes that any restriction on these rights posed by the recommendation given is proportionate to the wider benefits of and that such a decision falls within the margin of discretion afforded to the Council under the Town and Country Planning Acts.

Recommendation: Approve

Article 35 Declaration

Officers have worked with the applicant in a positive and proactive manner based on seeking solutions to problems arising in relation to dealing with the planning application. No significant problems have arisen during the consideration of this application and the application has been determined in a timely manner, in accordance with the policies with the Development Plan.

Condition(s) to be attached to decision for approval OR Reasons for recommendation to refuse

1. 3-year time limit:

The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason - Required to be imposed pursuant to Section 91 of the Town and Country Planning Act 1990.

2. Specified plans:

The development hereby approved shall be carried out in accordance with the following drawings and documents:

- a. Drawing – Location Plan – 21 January 2025.
- b. Drawing – Proposed Elevations – 21 January 2025.
- c. Drawing – Proposed Floor Plans – 21 January 2025.

Reason - To ensure that the development is carried out in accordance with the approved plans, pursuant to policies DM1, SP1 and EN1 of the Core Strategy.

3. Specified materials:

The materials to be used on the external surfaces hereby permitted shall match those as specified on the application form in type, size, colour, and texture.

Reason - To ensure the appearance of the building to be extended is not adversely affected by the materials to be used in the construction of the structure. Pursuant to policies DM1, SP1 and EN1 of the Core Strategy.

4. Additional glazing restriction:

Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (Amendment) Order 2015, (or any order revoking and re-enacting that Order with or without modification), no additional glazing, windows, or doors, other than those shown on the approved plans, shall be inserted at the property unless Planning Permission is specifically granted.

Reason - In the interests of the amenities of the occupiers of the neighbouring residences, pursuant to policy DM 1 of the Core Strategy for the City of Manchester and saved policy DC1 of the Unitary Development Plan.
