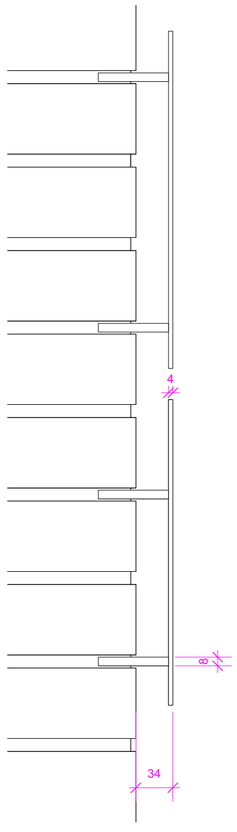
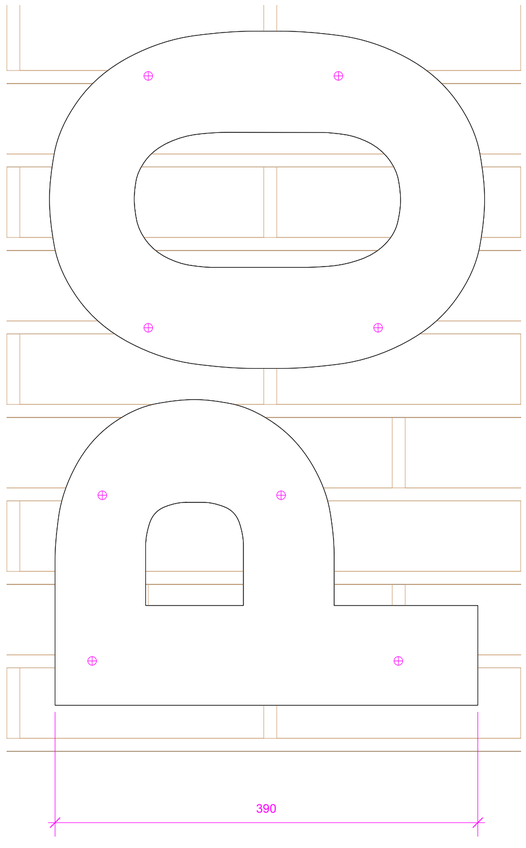
LARGE SMG LETTERING
3-5mm steel/aluminium lettering
powder coated white

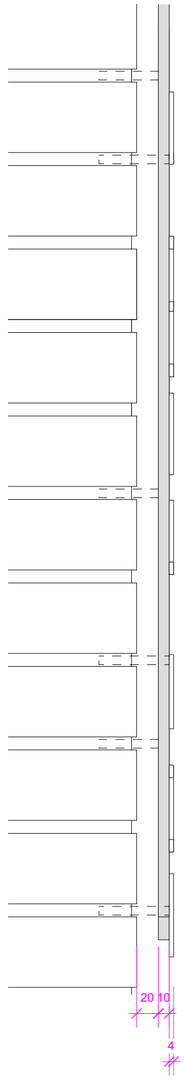
8mm metal pins welded to back of letters.
Holes drilled in to mortar joints and pin
supported with anchor adhesive

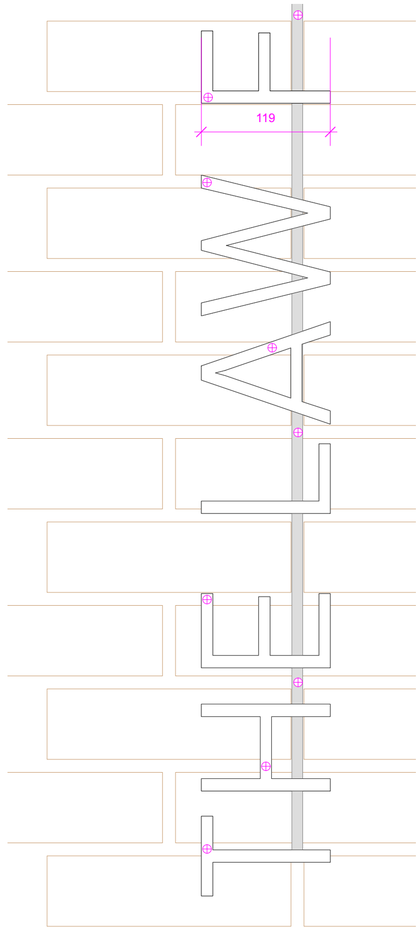




SMALL SMG LETTERING
3-5mm steel/aluminium lettering
powder coated white

Letters are connected by 1no. 10x10mm aluminium/steel bar and welded the back the lettering where possible. Bar fixed in to the mortar of the building at regular but discreet intivals. Holes drilled into mortar joints with 8mm pins secured with anchor adhesive. Colour of bar to match the mortar colour.
8mm metal pins welded to back of letters to add extra support from the bar. Holes drilled in to mortar joints and pin supported with anchor adhesive.





3D VISUAL
ILLUSTRATES THE LARGE LETTERS AND
SMALL LETTER FIXINGS
