Comment Reasons:

Comment: Hello,

I would like to offer my support of this application.

Something More Productive is a key part of the Withington community and the chance to have a place like this to come together provides us with so much. The events are creative, community-minded and special, and the location is central to the social lives of so many residents.

The later hours are still respectful to neighbours and the bar is not at all rowdy - what would be the reason for denying them the chance to maintain their business?

As a local I would personally be devastated if they were forced to reduce their operating times or, because of this, close.

I am happy to be contacted for further comment.
