Comment Reasons:

Comment: Dear Freddie Flintoff,

Please save our cricket field! I am writing to you from Burnage in South Manchester. We have a cricket field left to us by Lord Egerton of Tatton who put a covenant on the land stating that it must be used as a cricket field by the people of Burnage. As far back as the 1920s, cricket has been played here (perhaps earlier). Sadly, the land was mismanaged for the last 10 years and no cricket has been played during this time. This year, the land has been bought by a developer who plans to build 68 for-profit homes on the cricket field. This would be a tragedy for our community. To lose a green space and to lose a place for our children to learn to play cricket. We struggle with a lot of antisocial behaviour from local youths. A cricket club is just what they need to keep busy, stay out of trouble and grow into their best selves. Can you save our cricket field from developers?
