Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: Something More Productive is a vital part of the Withington community, bringing people together from all walks of life and acting as a hub during the day and at night. Withington is in dire need of a breath of life into its daytime and nighttime economy, something which isn't totally geared towards students. Supporting their nighttime opening is vital to its ongoing success and I would urge the committee deciding on this application to go and visit SMP and experience the warmth from staff and patrons alike. Then imagine that being taken away from all of the regulars from and visitors to Withington.

Making a hospitality business viable in 2025 is really hard, and so diversifying their offering from the relaxed daytime activities and coffee into a vibrant evening destination is absolutely critical to their survival.
