## Comment Details

Commenter Type: Neighbour

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I fully support the extension of the hours for this wonderful local business. Since it opened it has been an invaluable addition to the neighbourhood and been a massive benefit to the community. Withington already had a number of venues with late licenses just around the corner so I can't understand why SMP can't have the same. They have a very upmarket nighttime appeal - which Withington is missing. It's not like they would be attracting the kind of crowd to cause trouble or disruption outside - they mostly host jazz nights and cheese/wine evenings. If they can't have these extended hours - it might threaten the business. Hospitality is really struggling in the UK and the council should do everything it can to help. Given the council spending on regeneration in Withington this year, Something More Productive is exactly the kind of business the village needs. Theo has worked so hard to bring local and sustainable food and drink to the place we all love. The popularity during the day is a testament to the hard work he puts in. Please let him make the business a bigger success and continue to revitalise Withington.
