Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I'm a local resident who lives just off Withington High Street and wholeheartedly support this application.

Small businesses are already under such pressure, and it's unconscionable to not allow them to operate to their full potential, especially when I foresee minimal impact from a licensing change of this nature.

The venue does not have the culture, and I don't believe even the physical capacity, to inconvenience neighbours in a meaningful way, especially not above what students already create in the area.

I should say I also welcome students, who bring a lot to the area culturally and economically. But you have to be realistic when moving into a residential property that is 50m from a High Street, that sees 30 buses every hour. Any complaints against developments in this area are overblown.

This is exactly the type of proposal that we should be welcoming.
