Comment Reasons:

Comment:I support the extension of opening ours for something more productive for a multitude of reasons. Firstly the cafe location isn't in a densely populated residential area, something more productive has never received a noise complaint and the extra three hours opening will not affect any residents in the area negatively. The community that something more productive has created in a short space of time is invaluable to the local area and by extending their opening hours they can continue to grow their cafe in new ways. Withington is undergoing regeneration in other areas currently for example copson street and the council should be uplifting other positive businesses instead of blocking the growth of Withington as a suburb of Manchester.
