Comment Reasons:

Comment: This cafe is one of the best things that has happened to Withington in the 8 years that I have lived here.

I regularly come to SMP to do laptop work, and can see how popular it has become in the short time that it's been trading.

Now things are so difficult with the cost of living, it is clear that this request for slightly longer opening hours will help Something More Productive in trading, employing staff, supporting the community and paying their business rates.

I strongly support this application and advise planning officials to think of the long term benefits of having a small independent business thriving in the Withington community.
