5) Prior to the commencement of development appropriate and comprehensive construction designs for the installation of gas/vapour protection measures, in order to alleviate any possibility of gas/vapour ingress to the building, shall be submitted for approval to the City Council, as Local Planning Authority. The approved details shall then be implemented as part of the development.

Any further development shall not compromise any existing remedial measures previously installed at the site as part of Planning Permission 094285/MO/2010/N1. Upon completion of the works, a Completion/Verification Report shall be submitted to and approved in writing by the City Council as local planning authority, to ensure that the existing remedial measures have not been compromised.

Informatives

This decision relates to the extension or improvement of an existing dwellinghouse, falling within Class C3 of the Town and Country Planning (Use Classes) Order 1987 (as amended) and does not infer or imply approval for the use of the property for any other purpose.

Manchester City Council has made an Article 4 Direction to remove permitted development rights that allow for a change of use from Class C3 - *Dwellinghouses* to Class C4 - *House in Multiple Occupation*. This means that from 8 October 2011,

planning permission is required for a change of use from a Dwellinghouse to a House in Multiple Occupation. Further information regarding the Article 4 direction can be found on Manchester City Council's website:

www.manchester.gov.uk/info/200074/planning/4847/article_4_direction

If you intend to use the property to which this decision relates for any purpose other than a dwellinghouse, you should first contact Manchester City Council's Planning Service. Failure to obtain any necessary planning permission prior to carrying out a material change of use or physical development could result in enforcement action being taken, which can have serious implications.

This permission does not grant approval under Building Regulations.

In the event that ground and/or groundwater contamination and/or ground gas are encountered on the site before the development is occupied, the developer is advised to cease works and call Contact Manchester on 0161 234 5004 or email contact@manchester.gov.uk for advice on how to proceed.

Technical guidance relating to contaminated land can be found at MCC's Information for Developers webpage - https://www.manchester.gov.uk/info/500207/planning_and_regeneration/1962/additional_planning_guidance/3.

The applicant should also be aware that a 600mm clean soil cover system is in place in garden areas at the property and must be retained.
