Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: As a member of [REDACTED] who has newly arrived to Manchester, Something More Productive has proved a welcome source of community while I integrate into my local area here in Fallowfield/Withington. The variety of late night events they have organised has been invaluable to my integration and without these events, I strongly feel that immigrants in a similar position as me would struggle with alienation in this part of the city. Something More Productive provides a social hub for newcomers young and old and their late night events are an essential part of their functioning business model. Therefore I urge you to approve the above proposal.
