Comment Reasons:

Comment: We strongly support the attached application. Something More Productive represents an excellent and vibrant public amenity in the Withington community. We are based nearby and have hosted several meetings in the premises for volunteers.

The ownership are responsible and welcoming to all member's of the community. Furthermore the business has supported the foodbank with donations of food and funds, in doing so helping to secure our emergency food service. Prices and expenses for our work have increased significantly from inflation and the cost of living crisis. We understand that for businesses to succeed they need to maximise the amount of profitable hours they can be open.

Therefore we recommend the application should be approved to secure the cafe's financial future and in doing so allow them to further develop the business an important social and practical amenity for the community.
