Comment Reasons:

Comment: Something More Productive is a fantastic local business that has really contributed something new and exciting to the Withington community. Their evening and late events in particular, such as live music and jazz nights offer a cultural experience that simply isn't available anywhere else in the area.

As a local resident, I benefit greatly from their business and I fear that restricting their opening hours could jeopardise their offering to the community.

Withington is a brilliant neighbourhood to live in and I sincerely believe this is due to the hard work of local business owners and community projects that make the area feel unique and make it a destination for people to come to.

The late night events at Something More Productive have added another unique reason for people to visit Withington and boost the economy of the local area.

The owner, staff and customers are welcoming and friendly and I have never heard of any complaints from visitors or local residents.

I fully support this planning application and wholeheartedly believe that the majority of residents in Withington do too.
