Comment Reasons:

Comment: I support this fantastic local business who bring high quality services and non-disruptive provision to Withington. They are a small business who support numerous other local small businesses and contribute enormously to the economic and cultural life of Withington. As welcome plans for the improvement of Withington's physical environment progress it would be a very regressive step to limit the sustainability of this business by limiting its opening hours. These hours are necessary for the financial sustainability of a successful business operating on small margins. The restriction of opening would have an entirely disproportionate negative impact on this business and on Withington.
