On the West Elevation of the Tower, two light fittings are proposed to be located at Belfry level behind the open parapet, tilted upwards facing towards the Crucifix and the Statues of Mary and Joseph. The light fittings are proposed to be fixed to a concrete base, which is to be elevated off the asphalt parapet gutter.

2 no. Steon Skyblade Maxi Surface-Mounted Floodlights (210W LED IP66 | 436 mm x 472 mm x 79 mm | Die-Cast Aluminium, Anthracite Grey).

Scale bar (1:100)

New concrete base to be positioned behind open parapet at Belfry level for light fitting to be fixed to. Base to be elevated off the asphalt parapet gutter.

New Concrete Base for Light Fitting
