Dear Ellie,

Thank you for the opportunity to comment on the above application.

We would advise that all new doorsets are compliant with and certified to BS PAS 24, LPS 1175 SR2 or STS 202 BR2. It is crucial that the door ironmongery is permitted for use on the escape doors under the security certification of the product. Security-certified louvred doorsets are also available where required (see [Secured by Design](#)).

Regards
