Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

The proposed development involves the construction of a single-storey rear extension to a butcher shop (111 Princess Road) to provide additional storage space for inventory and equipment, along with a small staff area and a toilet. The extension will not be used for food processing or preparation, ensuring its purpose remains strictly for storage and staff facilities.

The extension will replace an existing unauthorized structure at the rear of the property, which will be demolished in accordance with Manchester City Council's requirements. It will be constructed with durable, weather-resistant materials to ensure compliance with health and safety standards for food businesses. The design also incorporates enhanced security measures, including reinforced walls, secure access points, and the potential installation of CCTV and lighting, addressing previous concerns about unauthorized access.

Environmentally friendly aspects, such as energy-efficient insulation and the use of sustainable building materials, will be integrated to minimize the environmental impact of the development. By respecting property boundaries and optimizing the use of space, the project aligns with local planning policies.

This proposal ensures compliance with relevant regulations and provides clear documentation of the extension's purpose, design, and operational improvements, negating the need for further supporting documents.

Has the work or change of use already started?

- ☐ Yes
- ☒ No

Existing Use

Please describe the current use of the site

The site is currently used as a butcher shop including retail.

Is the site currently vacant?

- ☐ Yes
- ☒ No

Does the proposal involve any of the following? If Yes, you will need to submit an appropriate contamination assessment with your application.

Land which is known to be contaminated

- ☐ Yes
- ☒ No

Land where contamination is suspected for all or part of the site

- ☐ Yes
- ☒ No

A proposed use that would be particularly vulnerable to the presence of contamination

- ☐ Yes
- ☒ No

Materials

Does the proposed development require any materials to be used externally?

- ☒ Yes
- ☐ No

Please provide a description of existing and proposed materials and finishes to be used externally (including type, colour and name for each material)

Biodiversity and Geological Conservation

Biodiversity and Geological Conservation

Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.

a) Protected and priority species

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

b) Designated sites, important habitats or other biodiversity features

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

c) Features of geological conservation importance

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.

[Find out more about biodiversity net gain, and access digital tools from our partners that can help determine if you are exempt, or produce the biodiversity metric information required.](#)

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in [Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 \(as amended\)](#)) would apply?

- ☐ Yes
☒ No

Biodiversity net gain has been introduced as a general condition for planning permission. As set out in [The Environment Act 2021](#): "grants of planning permission in England [are] to be subject to a condition to secure that the biodiversity gain objective is met". Therefore, in England, all planning permissions are generally subject to biodiversity gain rules, unless they are specifically exempt or out of scope.

If you have stated that the biodiversity net gain requirement does not apply to your application you must provide the reason(s) why, and may also need to supply evidence (especially where you believe the application is eligible for the 'de minimis' exemption).

[You can use our partner's free online tool to determine if you are exempt and to produce detailed reasons](#)

Please add all the reasons why biodiversity net gain does not apply and enter a justification for each one

Reason biodiversity net gain does not apply:

Development subject to the de minimis exemption (development below the threshold)

What best describes the size of your site?:

Over 25 square metres

Please justify the reason why biodiversity net gain does not apply:

Biodiversity net gain does not apply because the proposed single-storey rear extension is a minor development within a built-up area, falling under the de minimis exemption as it has no impact on biodiversity.

Note: Please read the help text for further information why developments may be exempt or not in scope.

Foul Sewage

Please state how foul sewage is to be disposed of:

- ☒ Mains sewer
☐ Septic tank
☐ Package treatment plant

Waste Storage and Collection

Do the plans incorporate areas to store and aid the collection of waste?

- ☒ Yes
☐ No

If Yes, please provide details:

Yes, the plans incorporate areas to store and aid the collection of waste. Such an area, typically 2 square meters, is required to accommodate general waste and recyclables. This space will be easily accessible for waste collection services and located away from the main operational areas to maintain hygiene standards.

Have arrangements been made for the separate storage and collection of recyclable waste?

- ☐ Yes
☒ No

Trade Effluent

Does the proposal involve the need to dispose of trade effluents or trade waste?

- ☐ Yes
☒ No

Residential/Dwelling Units

Does your proposal include the gain, loss or change of use of residential units?

Details of the pre-application advice received

Yes, pre-application advice has been sought from the local authority. In response, the planning officer confirmed that the proposed single-storey rear extension is likely acceptable, provided it matches the existing brickwork and includes changes to the window orientation. The impact on the adjacent property at No. 113 is minimal due to the proposed extension's setback, and massing impacts to No. 109 are also minimal. The officer advised that any application must include existing and proposed plans, specify bin storage and waste arrangements.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
- ☒ No

Ownership Certificates and Agricultural Land Declaration

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days?

- ☒ Yes
- ☐ No

Is any of the land to which the application relates part of an Agricultural Holding?

- ☐ Yes
- ☒ No

Certificate Of Ownership - Certificate A

I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**

* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.

** "agricultural holding" has the meaning given by reference to the definition of “agricultural tenant” in section 65(8) of the Act.

NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.
