Dear Angela,

## **Rylands Building, Manchester (Planning Application Ref. 141562/JO/2024)**

Please find enclosed an application for partial discharge of Conditions 5a and 5c, attached to Listed building Consent Ref. 141562/JO/2024. The application is submitted by CD9 Properties (Manchester) Ltd ('the Applicant').

This application is submitted to partially discharge Condition 5a which relates to future intrusive investigations, and Condition 5c which relates to strip out works, allowing for the comprehensive refurbishment of Rylands Building, Manchester.

The Rylands Building ('the Site') is a well-known building located on a prominent thoroughfare within Manchester City Centre. The Site extends to 0.44 ha and is bound by Bridgewater Place to the north, Tib Street to the east, Market Street to the south and High Street to the west.

## **Planning History**

LBC was granted on 26 January 2021 (Ref. 127882/LO/2020), for:

*"Internal and external alterations to include: the erection of four storey roof-top extension; partial demolition of the floor structure to create the atrium; installation of a lightwell; external alterations to form new entrances on the ground floor; sub-division of the ground floor into smaller units the refurbishment; works to windows including replacements; demolition of a staircase; partial demolition of kitchen and plant structure on Floor 7; creation of winter gardens on the 6th floor; creation of external roof top amenity spaces; installation of new rooftop plant; refurbishment of the interiors and other associated works."*

On 29 November 2024 a S.19 application (LBC Ref. 141562/JO/2024) was validated for:

*S19 application to vary conditions 2 (Drawing & Details) and 5 (Details pre commencement) attached to listed building consent 136966/JO/2023 to make minor amendments including changes to the ground S19 application to vary conditions 2 (Drawing & Details) and 5 (Details*

*pre commencement) attached to listed building consent 136966/JO/2023 to make minor amendments including changes to the ground floor layout, changes to roof top design and layout, introduction of plant room to 7th floor, rationalisation of facade detailing, removal of 6th floor winter garden, and incorporation of green roof.*

## **Discharge of Conditions 5a (Schedule of Intrusive Investigations) and 5c (Strip Out Works)**

In order to facilitate the repair works as consented above, it is necessary to discharge Conditions 5a and 5c, in line with the below:

| Condition Number | Documents Submitted                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | Partial or Full Discharge                                                   |

## Summary

The above information is submitted to discharge Conditions 5a and 5c, which relate to intrusive investigations and strip-out works at the Site. The method statements submitted detail removal, repair and restoration techniques in relation to metalwork elements, pavement lights and stained-glass elements at the Site. The attached documentation demonstrates that the proposals will be carried out in accordance with the conditions.

We request the Local Planning Authority's express written consent that the enclosed information is sufficient to allow the discharge of the conditions outlined above, to allow works to commence on site.

If you require any further details, please do not hesitate to contact Eleanor Scrafton (+44 161 455 8598) / [escrafton@deloitte.co.uk](mailto:escrafton@deloitte.co.uk).

Yours sincerely,

**John Cooper**
