Date: 30 January 2025

Dear Sir or Madam,

Class G, Part 3, Schedule 2 of the Town & Country Planning (General Permitted Development) (England) Order 2015 (as amended)

Application No.: 141823/P3GPA/2024

Description: Prior Approval for conversion of the first and second floors to 1 x 3 bedroom duplex flat (Class C3)

Location: 631 Rochdale Road, Manchester, M9 5SH

The City Council is satisfied that the development would have no significant, harmful impact as a result of contamination, flooding or noise. Satisfactory natural light is capable of being provided to all habitable rooms. The proposal therefore complies with the requirements of policies SP1, EN14, EN18, EN19 and DM1 of the Manchester Core Strategy and saved policy DC26 of the Unitary Development Plan for the City of Manchester, pursuant to Schedule 2, Part 3, Class G of the Town and Country Planning (General Permitted Development) Order 2015 (as amended). Approval is hereby granted in accordance with Local Plan and proposed floor plan, received by the City Council as Local Planning Authority on 31 December 2024.

1) The apartment shall not be occupied until full details of the space and facilities for bicycle parking, including means of enclosure, have submitted to and agreed in writing by the City Council as Local Planning Authority. The agreed cycling parking space and facilities shall be implemented as part of the development and retained thereafter.

Reason - Due to the lack of off road parking and to ensure that adequate provision is made for bicycle parking so that persons occupying or visiting the development have a range of options in relation to mode of transport in order to comply with policies SP1, T1 and DM1 of the Manchester Core Strategy.

2) Notwithstanding details submitted, before the apartment is occupied, a scheme for the storage and disposal of refuse shall be submitted to and approved in writing by the City Council as Local Planning Authority. The details of the approved scheme shall be implemented as part of the development and shall remain in situ whilst the use or development is in operation.

Reason - In the interests of amenity and public health and as each use requires segregated bin storage and provide details of collection arrangements, pursuant to saved policy DC5 of the Unitary Development Plan for the City of Manchester, policies DM1 and SP1 of the Manchester Core Strategy and the National Planning Policy Framework (NPPF).

3) a) Notwithstanding details submitted, prior to the flat hereby approved being occupied, a scheme for acoustically insulating the proposed residential accommodation against noise from Rochdale Road and surrounding commercial uses, shall be submitted to and approved in writing by the City Council as Local planning authority. The potential for overheating shall also be assessed and the noise insulation scheme should take this into account. The approved noise insulation and ventilation scheme shall be completed before any of the approved flats are occupied.

b) Prior to first occupation of the residential unit, a verification report shall be required to validate that the work undertaken throughout the development conforms to the recommendations and requirements in the approved acoustic consultant's report. The report shall also undertake post completion testing to confirm that the internal noise criteria have been met. Any instances of non-conformity with the recommendations in the report shall be detailed along with any measures required to ensure compliance with the internal noise criteria.

Reason - In order to safeguard the amenity of existing and future, pursuant to saved policy DC26 of the Unitary Development Plan for the City of Manchester and policies SP1, H1 and DM1 of the Manchester Core Strategy.

Informatives

Building Regulations 2010

Please note that this document does not grant any permission under Building Regulations. If you require further information regarding compliance with Building Regulations, please contact Building Control on 0161 234 4490 or by email to building.control@manchester.gov.uk.

Street Naming & Numbering Requirements

Manchester City Council is responsible for allocating street naming and numbering within Manchester for new developments or property conversions. Individuals or businesses are not permitted to allocate their own property numbers, building or street names.

If your development includes the creation of new dwellings (either new build or conversion of existing buildings), creation of new commercial properties or the subdivision of existing properties you must ensure that you request new or changes to addresses through us so they can be officially allocated and registered in accordance with the Public Health Act 1925 Sections 17-19 & Greater Manchester Act 1981 Section 22.

Failure to do this may result in difficulties for the developer/occupier when requiring services such as connections to utilities, phone lines and postal services and may delay your development.

You can apply online at the following address:
