Quotation

Dear Ahmed Ali

Thank you for giving Fresh Start Waste the opportunity to provide prices for the collection of your business waste. I trust my suggestions are of interest.
If you have any questions please feel free to contact me directly.

Service address: Fomo Lounge, Unit 1 Millow Street, Manchester, M4 4DR

Average four weekly charge: £65.80 Plus VAT

Waste	Container	Qty	Schedule	Lift rate	Rental	DOC	Allowance	Excess weight tariff	Delivery fee
General Waste	240 lt - WB	1	1 x pw	£8.95	Included	Included	15KG	22p/ per kilo	£20
Mixed Recycling	240 lt - WB	1	1 x pw	£7.50	Included	Included	9KG	18p/ per kilo	

By accepting this quotation, you and your waste are in safe hands. Having emptied our first bin over 19 years ago, we have grown to be one of the leading waste management companies in the North West, serving 7,000 addresses each day. In addition to operating some of the greenest waste trucks available, we are also committed to capturing our carbon emissions through association with a tree planting scheme. Over the last four years we have off-set over 8,000 tonnes of CO2.

Recognising our environmental responsibilities is something we do each day, which is why we have invested £1 million in our waste recovery facility. This ensures that we recycle as much waste as possible, with residual waste being used for energy production. All of this is supported by ‘best in class customer service’, where our customers are treated with honesty and integrity.

You are in safe hands

- Recycling first
- Carbon conscious service
- Landfill avoidance
- Real time reporting
- Materials Recovery Facility
- North West coverage

Available Services

With over a decade of experience in collecting and managing waste contracts, we are able to offer a single source solution. Here at Fresh Start Waste, we like to keep things simple.

Food recycling
100% of all food waste is used in the production of green energy, contributing to the government's renewables target.

Glass waste
By recycling glass, we can conserve non-renewable fossil fuels and reduce the emission of harmful gasses into the atmosphere.

Recycling
Dynamic recovery processes for all your recyclables via our own materials recycling facility (MRF).

Metal recycling
Containers ranging in size from a small skip to a large bulk container, we can help you unlock the value of your scrap.

General waste
Landfill avoidance solutions prioritised to ensure materials that cannot be recycled are used for energy generation.

Confidential waste
With a range of consoles or bins, we offer both on-site and off -site shredding. All destruction complient with the Data Protection Act.

Balers or compactors
Where space is an issue, our range of balers or compactors could be the option for you.

Clinical waste
Defined in the Controlled Waste Regs 2012, clinical waste must be packaged, handled and collected under controlled conditions.

Specialist recycling
If you are looking to recycle more, we'll be able to offer advice and recommendations.

Sanitary waste
With a range of signature disposal bins, and wide reaching coverage, we can set a collection schedule to meet your needs.

Waste Electrical and Electronic Equipment
We provide containers for each type of waste and transport it to a specially equipped location for processing.

Hazardous waste
Waste harmful to health? Whatever your waste stream, our consultants can offer sensible advice and recommendations

Skip services
We cater for every type of waste with our trade skip hire, with sizes ranging from 4 yard to 12 yard.

Bin washing
Schedule a deep clean, disinfect and deoderise to suit your business needs – no water supply needed.

What our customers think...

Fresh Start Waste are fantastic to work with, approachable and supportive. They have a fantastic Corporate Social Responsibility Policy and give back to the community which is such an asset to companies. I wouldn't hesitate to recommend.

I've worked with fresh start for a number of years and can honestly say their service, commitment to quality and communication are 2nd to none.
