Dear Sir or Madam,

Class A, Part 1, Schedule 2 of the Town & Country Planning (General Permitted Development) (England) Order 2015 (as amended)

Application No.: 141438/PDE/2024

Description: Prior notification of proposed larger home extension projecting 4m to the rear, with a maximum height of 3.62m and a height at eaves of 2.33m.

Location: 204 Cornishway, Manchester, M22 1WL

The above application was submitted to us on 4 November 2024.

When assessing the criteria of the larger homes extensions under Schedule 2, Part 1, Class A of the above Order, the proposal must comply with all of the requirements to be permitted development; this includes all conditions, limitations or restrictions.

In paragraph A.1(j) of the Order, development is not permitted where "the enlarged part of the dwellinghouse would extend beyond a wall forming a side elevation of the original dwellinghouse..." and "... (iii) have a width greater than half the width of the original dwellinghouse". In the interpretation section of the Order the word 'original' is stated to mean - (a) in relation to a building, other than a building which is Crown land, existing on 1 July 1948, as existing on that date; (b) in relation to a building, other than a building which is Crown land, built on or after 1st July 1948, as so built...'

It is clear from aerial photos and a review of Ordnance Survey data held from 1959, that the existing rearward projection is an original part of the dwellinghouse, and it is a common feature to other dwellings of the same design in the area. Accordingly, this rearward projection can therefore be said to have formed part of the "original" dwellinghouse for the purposes of the Order.

As a result, the proposed enlargement will extend beyond a wall that forms the side elevation of this original rearward projection and then extend beyond what was its rear wall and encompass it; a width greater than half the width of the original dwellinghouse will therefore result and the proposal would fail to meet the limitations of sub-paragraph (j).

Accordingly, the proposal does not satisfy all of the conditions and limitations and is therefore not permitted under the Order and an application for planning permission is required.

This letter is to be treated as a refusal of this application, in accordance with paragraph A.4(3) of the Order, and as such you have the right of appeal under Section 78 of the Town & Country Planning Act 1990 (as amended). Any such appeal must be submitted using the Planning Inspectorate's website at <https://acp.planninginspectorate.gov.uk/> within 12 weeks of the date of this letter.

Alternatively, if you wish to proceed with the proposed extension, you would need to submit an application using the 'Householder Application for Planning Permission for works or extension to a dwelling' forms and pay the required fee.

Should you wish to discuss this matter any further please contact Angelina Ward.

Yours faithfully,
