John,

157A Palatine Road Manchester M20 2GH - 141124/TCA/2024

The applicant has proposed to carry out the following works:

T1 - Honey locust in the neighbours garden to be reduced back to as close to the fence line as possible while retaining good pruning practices.

T2 - Conifer along the side passage growing closest to the roof to be pruned back to allow a minimum of 0.5m clearance.

G1- All hedging going down the edge of the property from the gate to the shed to be trimmed back as hard as possible while remaining green.

I can confirm that we would have no objection to the proposed routine pruning works for this site.

Kind regards

Rudi Farghaly
