Compliance with conditions

- Your planning approval or consent is attached. It will contain conditions that you must comply with.
- Please read the conditions and understand their requirements and restrictions, for example submission and approval of details or measures to protect trees.
- Some conditions will require action before you start development and it is imperative that you seek to have these discharged before any work commences.
- Whilst every effort has been made to group conditions logically, it is your responsibility to ensure that you are aware of the requirements and/or restrictions of all conditions.
- If you fail to comply with the conditions this may result in a breach of planning control and this may lead to enforcement action.
- Failure to comply with conditions may also result in the development not being lawful.
- It is in your interests to demonstrate that conditions have been complied with. Failure to do so may cause difficulties if the property is sold or transferred.
- A fee is payable for each request to discharge conditions.

Informatives

This decision relates to the extension or improvement of an existing dwellinghouse, falling within Class C3 of the Town and Country Planning (Use Classes) Order 1987 (as amended) and does not infer or imply approval for the use of the property for any other purpose.

Manchester City Council has made an Article 4 Direction to remove permitted development rights that allow for a change of use from Class C3 - *Dwellinghouses* to Class C4 - *House in Multiple Occupation*. This means that from 8 October 2011, planning permission is required for a change of use from a Dwellinghouse to a House in Multiple Occupation. Further information regarding the Article 4 direction can be found on Manchester City Council's website:

www.manchester.gov.uk/info/200074/planning/4847/article_4_direction

If you intend to use the property to which this decision relates for any purpose other than a dwellinghouse, you should first contact Manchester City Council's Planning Service. Failure to obtain any necessary planning permission prior to carrying out a material change of use or physical development could result in enforcement action being taken, which can have serious implications.

This permission does not grant approval under Building Regulations.

Confirm that the application red line location plan boundary falls wholly within limits of land currently subject to sub-surface safeguarding directions for Phase 2b of HS2. On 4 October 2023 the Prime Minister announced the cancellation of this section of high-speed rail between Crewe - Manchester. The accompanying Network North: Transforming British Transport Command Paper also stated that safeguarding throughout Phase 2b was to be amended by summer 2024 to allow for safeguarding

needed for Northern Powerhouse Rail (NPR) schemes, and at this time it is not fully understood what land will remain in safeguarding.

Whilst Network North announced that safeguarding will be amended by the summer of 2024, following the subsequent announcement of a general election, these changes were not made before 4 July and will now be a decision for the new Government.

Given the above the applicant is advised to closely follow future Government announcements.
