Good morning, John,

32 Northen Grove Manchester M20 2NW - 141070/TCA/2024

The applicant has proposed to carry out the following works:

T1. Large sycamore, rear left of garden, remove overhanging branches from neighbour's garden and roof and shape. Approximately 15. T2.
Decaying Poplar, remove branches overhanging customer garden, again approximately 15/18. T3 Sycamore, no action.

I have spoken to Christian from Woodfelder Tree Services to discuss the pruning work and he is of the opinion the trees are short lived due to cavities and what appears to be unsympathetic pruning works in the past. Due to this, there will be quite a large amount of crown being removed.

We would have no objection to the proposed crown management of these trees.

Kind regards

Rudi Farghaly
