Key:

-  Outdoor LED PIR Floodlight
-  CCTV Camera

PP Rear Elevation Security
1 : 100

PP LHS Elevation Security
1 : 100

Proposed Outdoor LED PIR Floodlight to be of similar style as the image shown below and connected to mains so it functions at all times (*See above elevations for rough locations*). Specification and wattage TBC with client. Sensor activated lights are to be used to help reduce the threat/risk of crime and CCTV cameras will also be implemented into the scheme as an extra layer of security and deterrence. HIK Vision cameras are to be encouraged to install as shown in the image.
