Dear Stan,

Proposed Contributions to Beech House Bowling Club

It was good to meet some of your members earlier this month and discuss options to allow the club to enhance the maintenance of your bowling green, given a number of new members are relocating from Longsight Cricket & Social Club to Beech House.

Given your bowling green is already rated good, members have suggested that replacing the very old and unreliable mowing equipment would be the most effective way to continue to keep the bowling green in good condition.

Your members who are involved in the maintenance of the green have provided me with a list of equipment and costs, which I have included on the next page. I have also included an allowance for a section of paving so mowing equipment can be easily moved on and off the bowling green.

If this list of equipment and costs reflects the best way to keep your bowling green in good condition, we will enter into a universal undertaking with Beech House Bowling & Social Club for these costs.

I would be grateful if you could confirm back that the items and costs reflect those proposed by members.

Yours sincerely

Patrick Sheridan
Senior Development Manager
