John,

23 Rathen Road Manchester M20 4QJ - 141461/TPO/2024

The applicant has proposed to carry out the following pruning works:

2x Lime specification:

Remove epicormic growth at the base of both trees and clear the trunks upto the height of the main forks of the trees. Prune/remove the lower limbs to clear the lower roof and guttering by a minimum of 2 metres. Prune the upper limbs by approximately 2 metres to reduce overhang over the roof and clear the top ridge by a minimum of 2 metres. Cut Ivy at the base and remove deadwood 3cm+ in diameter.

Reasons:

To clear the property and carry out management of low growth on the tree. The overhang is also being reduced there have been issues with the gutters and the promotion moss growth on the roof.

I have visited the site and I can confirm that we would have no objection to the proposals.

Kind regards

Rudi Farghaly
