MANCHESTER CITY COUNCIL

Appendix E - Waste Management Strategy (v7.00 from September 2023)

Planning Application Number: Sedgeborough House 141328/FO/2024
Date Submitted: 7 Nov 24
Estimated volumes / m2 required by the development

Will this property be used as a House in Multiple Occupation (HMO)?	~~Yes~~ / No (delete as appropriate)
If this property will be used as an HMO, how many people do you intend to accommodate (5+)?	

Low Rise Domestic

Waste Types	Capacity required (litres)	Number of bins required (per household)	Confirm what is to be provided (and whether the developer or the resident will be responsible for ordering these)
General refuse	140 standard / 240 in certain circumstances	1 x wheeled bin (possibly more for HMO)	Developer
Pulpable Recycling	240	1 x wheeled bin (possibly more for HMO)	Developer
Mixed Recycling	240	1 x wheeled bin (possibly more for HMO)	Developer
Garden Waste	240	1 x wheeled bin (possibly more for HMO)	
Food Waste	23	1 x 23 litre caddy (Possibly more for HMO)	Developer

High Rise Apartment Developments ☒

0.43m2 has been provided per apartment for the containers, with extra space for residents to access each container and space for staff to manoeuvre each container for collection. (different for purpose-built student accommodation – see guidance)	Yes / No (delete as appropriate) How many of each container do you plan to provide? _____ x general refuse x 1100 litre (based on 110 litres per apartment) _____ x pulpable Recycling x 1100 litre (based on 55 litres per apartment) _____ x mixed recycling x 1100 litre (based on 55 litres per apartment) _____ x food waste x 240 litres (based on 10 litres per apartment) _____ x garden waste (if applicable) x 240 litres
Is it as easy, or easier, for residents to recycle, as it is for them to dispose of general waste?	Yes / No (delete as appropriate)

Commercial Developments ☒

Please state number of bins you propose, showing calculations where appropriate.

General Waste - Dry recycling (include material type details) - Food Waste - Industrial Waste - Other -

Has / will a contract be obtained with a licenced waste carrier?	Yes / No (delete as appropriate

Mixed Use Developments ☒

Are the stores for residential and commercial waste completely separate from each other, with residents having no access to the commercial store and the commercial units having no access to the residential store?	Yes / No (delete as appropriate)

Internal Stores (Residential and Commercial)

Please provide details of internal stores / segregation of waste and recycling.

1 storage unit shall be provided in each kitchen that shall be subdivided into General waste, Mixed Recycled (glass cans and plastics) and mixed pulpables. A caddy shall be provided for food waste
overall size allocated shall be 600x550 deep

Storage Areas for Waste Containers (Residential and Commercial)

Please provide details of container stores, attaching plans if appropriate.

Sufficient space shall be provided for 4 bins per household 140l general waste, 240l Mixed recycled and 240l mixed pulpables. 1 food and garden waste bin shall be provided to be shared between the 3 flats

Ensure all bins in the store are accessible	☑
Ensure recycling facilities are as easy to access as general refuse	☑

Please confirm details of waste store ventilation and hygiene / cleaning proposals

Ventilation - Natural ventilation

Hygiene - Power Hose Wash down surfaces

Please provide details of who will be responsible for placing the bins at the collection point and returning them to the store / property promptly e.g., resident / management company

Householder

Please ensure that you have attached:

Detailed plans of bin stores	☑
Location plans showing stores	☑
Location plans showing the proposed collection point and the route the collection vehicle will take (please refer to the Road, Vehicle and Waste Operative Access Specification – paying particular attention to turning space and reversing)	☑

Please ensure that you have completed this form in accordance with the latest version of GD04 Waste Storage and Collection Guidance for New Developments – v.7 September 2023
