Delegated officer report for planning application

Application no.	141186/FH/2024
Date registered valid:	8 October 2024
Proposal:	Erection of second floor side extension to form additional accommodation
Address:	28 Hartington Road, Manchester, M21 8UY
Ward(s):	Chorlton Park Ward
Applicant:	Natalie Bates
Agent (if any):	Mr Matthew Myers, LHG Projects Ltd
Case officer:	Joshua Lee Tel: 0161 219 2851 Email: joshua.lee@manchester.gov.uk
Recommendation:	Approve
Date of recommendation:	**07/11/2024**

Application details

Type of application: Full Householder Application

Development type: Householder

Date of site visit: 23/10/2024

Standard consultations:
No consultations have been printed and sent.

Neighbour notifications
Printed: 16 October 2024 Expired: 6 November 2024

Site notice
No site notice has been produced

Press advert
No press advert had been published

Departure from Development Plan: No

Environmental Statement: Not required

Description of site/building

The proposal is related to a large three-storey dwellinghouse on Hartington Road. The property features hardstanding to the front for off street vehicle parking and a garden to the rear.

Listed building: Not applicable

Conservation area: Not applicable

Tree Preservation Order: Not applicable

Figure 1. Street scene

Description of area

The property is located in a predominantly residential part of the Chorlton Park ward of Manchester.

Description of development

The applicant is proposing the erection of second floor side extension to form additional accommodation.

The second-floor side extension builds on the existing floor plan to create a gable end dormer feature. The extension projects 2000mm and spans 3390mm. The facing is brick to match, and the gable roof is slate to match. The new extension adds a new side facing window and roof lights facing front and rear.

Planning History

There is no planning history at the address.

Consultation, notification & publicity responses

Notifications

Local Residents

As stated in Appendix 1, people who live near the area were told about the proposal.

No one commented, objected, or gave their opinion on this application.

Relevant policies & the principle of development

Section 38 (6) of the Town and Country Planning Act 2004 states that applications for development should be determined in accordance with the adopted development plan unless material considerations indicate otherwise.

After careful consideration, it is concluded that the proposal is acceptable and aligns with the following local, regional and national policies.

- The Manchester Core Strategy Development Plan Document 2012-2027
  - Development Management and Planning Obligations
    - DM 1 - Development Management
  - Objective 1 - Spatial Principles
    - SP 1 - Spatial Principles (Partially replaced by PfE Policy JP-S 1)
  - Objective 6 Environment
    - EN 1 - Design Principles and Strategic Character Areas
- Extant Unitary Development Plan (UDP) –
  - Citywide Development Control Policies
    - DC1 - Residential extensions
- Places for Everyone Plan Joint Development Plan Document 2022-2039-
  - Strategy
    - JP-Strat9: Southern Areas
  - Places for People
    - JP-P1 Sustainable Places

The National Planning Policy Framework (The NPPF) –
- Section 2 - Achieving sustainable development
- Section 4 – Decision-making
- Section 12 – Achieving well-designed places

The Manchester Core Strategy Development Plan (2012-2027)

We have assessed the proposal against the following policies of the Core Strategy.

Development Management and Planning Obligations

DM 1 – Development Management
New developments must adhere to the 'Development Principles' and design guidance in the Supplementary Planning Documents.

We have assessed the proposal against the following issues.

Appropriate siting, layout, scale, form, massing, materials, and detail
The new addition is designed to match the style and features of the current building. This includes the windows.

The proposal uses brick and slate to match the existing property (according to the application form).

The proposal is designed to be subservient to the original dwelling house as a small feature relative to the size of the property.

Officers consider the new development to be acceptable in its siting, layout, scale, form, massing, materials, and detail.

Impact on the surrounding areas in terms of the design, scale, and appearance of the proposed development. Development should have regard to the character of the surrounding area.
The proposal can be marginally seen from the street however its size massing and location minimise the effects to the street.

The proposed development won't significantly change the area's character, so its appearance is acceptable.

The proposal is similar in size and scale to others nearby, notably very similar extensions at the adjacent No26, No24 and No20 (120453/FH/2018). Therefore, it can fit on the property site and won't disrupt the area's existing features.

The proposal's design would match the nearby properties. It would use the specified brick and tile materials.

In general, the proposed development has little impact on the surrounding areas. The design, scale, and appearance are all in line with the development management principle.

Effects on amenity, including privacy, light, noise, vibration, air quality, odours, litter, vermin, birds, road safety and traffic generation.
The proposal adds 1no window to the side aspect of the building. Due to the proximity to the neighbouring property and location this window will need to be obscure glazed to mitigate any overlooking or privacy concerns. The room is noted as a shower room so this shouldn't be particularly onerous on the applicant.

The proposal is expected to have a negligible effect on local light.

The proposal in of itself has a negligible effect on local noise levels or vibration. We understand that demolition and construction can be loud and disruptive to the local residents. Contractors should use construction guidance to reduce emissions and minimize disruptions for residents.

The proposal is expected to have a negligible effect on air quality or odours.

The proposal is expected to have a negligible effect on litter, vermin, or birds.

The proposal is expected to have a negligible effect on road safety and traffic generation.

Overall, the proposal has a negligible impact on privacy, light, noise, air quality, and other factors. So, it follows this principle of development management.

Accessibility: buildings and neighbourhoods fully accessible to disabled people, access to new development by sustainable transport modes.
The proposal does not change how people can get in and out of the building.

The proposal is therefore in accordance with this development management principle.

Adequacy of internal accommodation and external amenity space.
The proposal adds space inside the property with no effect to the outdoor area.

This follows the development management principle.

Refuse storage and collection.
The proposal itself has little impact on waste from the site. It uses the current storage and collection methods on site. We recognize that demolition and/or construction works often generate commercial waste. We expect contractors to follow best practices in waste management.

The proposal is in accordance with this development management principle.

Vehicular access and car parking
The proposal doesn't change how vehicles access and park at the property, so it follows the development management principle.

Effects relating to biodiversity, landscape, archaeological or built heritage
The applicant and consultees did not find any contamination or stability issues at the site.

The proposal does not sit within a Conservation Area or near a designated heritage asset.

The proposal is exempt from biodiversity net gain rules.

On balance the proposal has minimal effect on local biodiversity, landscape, archaeological or built heritage and is therefore in accordance with this development management principle.

Green Infrastructure including open space, both public and private
The dwelling benefits from a garden beyond the siting of the proposed development.

The proposal has no impact on green infrastructure and balances development with existing green space.

The proposal is therefore in accordance with this development management principle.

Flood risk and drainage.
The site is not located in a flood risk area and therefore does not require a flood statement or assessment.

The proposal has a negligible impact on drainage using the existing drainage on site.

The proposal is therefore in accordance with this development management principle.

Objective 1 - Spatial Principles

SP 1 - Spatial Principles
This policy outlines the guiding spatial principles and core development principles of Manchester City Council.

Most notably the core development principles highlight development should 'make a positive contribution to neighbourhoods of choice'.

We consider this proposal to accord with the principles of this policy.

Objective 6 Environment

EN 1 – Design Principles and Strategic Character Areas
This policy outlines the key design principles for development in Manchester. All development in Manchester will be expected to follow the seven principles of urban design.

This proposal sits within the 'Southern Character Area'.

We consider this proposal to accord with the principles of this policy.

Extant Unitary Development Plan (UDP)

The Core Strategy replaced most of the UDP, but some UDP policies still apply to this proposal.

Citywide Development Control Policies

DC1 - Residential Extensions
This policy outlines the key issues when considering proposed residential extensions.

We consider this proposal to accord with the principles of this policy.

Places for Everyone Plan (2022 – 2039)

We have assessed the proposal against the following policies of the Places for Everyone Plan.

Strategy

JP-Strat9: Southern Areas
This policy outlines the spatial strategy for the Southern Areas of the City Region which includes Southern areas of Manchester.

We consider this proposal to accord with the principles of this policy.

Places for People

JP-P1 Sustainable Places
This policy outlines how we aim to become one of the most liveable city regions in the world, consisting of a series of beautiful, healthy, and varied places.

We consider this proposal to accord with the principles of this policy.

The National Planning Policy Framework (NPPF)

The National Planning Policy Framework explains the government's planning policies for England. It also explains how to use these policies.

At all stages of the application, we have adhered to and considered the NPPF.

Section 2 - Achieving sustainable development

Section 2 of the NPPF outlines how the purpose of the planning system is to contribute to the achievement of sustainable development, including the provision of homes, commercial development, and supporting infrastructure in a sustainable manner.

Section 4 - Decision-making

Section 4 of the NPPF outlines how local planning authorities should approach decisions on proposed development in a positive and creative way.

Section 4 of the NPPF has been adhered to and considered at all stages of the proposal.

Section 12 - Achieving well-designed places

Section 12 of the NPPF outlines the need to achieve well-designed places.

We consider this proposal to accord with the principles of the NPPF.

Other Material Considerations

Other material considerations & policy may be relevant to the proposal as follows:

- Guide to Development in Manchester Supplementary Planning Document and Planning Guidance (April 2007)
- Manchester Residential Quality Guide (July 2016) (MRQG)
- Manchester, Salford, and Trafford Strategic Flood Risk Assessment
- Manchester City Council Highways Developer Design Guidance – Sustainable Drainage Systems
- Manchester City Council Planning and Noise Technical Guidance (2022)
- Air Quality & Planning Technical Guidance (2022)
- Planning and Contaminated Land Technical Guidance (2021)
- Greater Manchester Joint Waste Development Plan Document (GMJWDPD)
- Waste Storage and Collection Guidance for New Developments (2017)
- Hot Food Takeaway Supplementary Planning Document (2017)
- Manchester City Council Houses in Multiple Occupation Guidance and Amenity Standards (2020)
- Manchester Tree and Woodland Action Plan 2024-2034
- Manual for Streets (2007)
- National design guide & National Model Design Code (2021)
- Outdoor advertisements and signs: a guide for advertisers (2007)

Other Legislative Requirements

Equality Act 2010

Section 149 (Public Sector Equality Duty) of the Equality Act 2010 requires due regard to the need to: Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act and; Advance equality of opportunity between persons who share a protected characteristic and persons who do not share it. The Equality Duty does not impose a legal requirement to conduct an Equality Impact Assessment. Compliance with the Equality Duty involves consciously thinking about the aims of the Equality Duty as part of the process of decision-making.

Human Rights Act 1998 considerations

This application needs to be considered against the provisions of the Human Rights Act 1998. Under Article 6, the applicants (and those third parties, including local residents, who have made representations) have a right to a fair hearing and to this end the local planning authority must give full consideration to their comments.

Protocol 1 Article 1, and Article 8 where appropriate, confer(s) a right of respect for a person's home, other land and business assets. In taking account of all material considerations, including Council policy as set out in the Core Strategy and saved polices of the Unitary Development Plan, the Director of Planning, Building Control & Licensing has concluded that some rights conferred by these articles on the applicant(s)/objector(s)/resident(s) and other occupiers and owners of nearby land that might be affected may be interfered with but that that interference is in accordance with the law and justified by being in the public interest and on the basis of the planning merits of the development proposal. She believes that any restriction on these rights posed by the recommendation given is proportionate to the wider benefits of and that such a decision falls within the margin of discretion afforded to the Council under the Town and Country Planning Acts.

Conclusion

In conclusion, the proposed second-floor side extension at 28 Hartington Road has been thoroughly assessed and found to be in compliance with relevant local, regional, and national planning policies. The design, scale, and materials of the extension are in harmony with the existing property and surrounding area. The proposal is expected to have minimal impact on local amenities, privacy, and environmental factors. Therefore, the recommendation is to approve the application, subject to conditions ensuring adherence to the approved plans and materials, as well as the use of obscure glazing to protect neighbouring privacy.

Recommendation: Approve

Article 35 Declaration

Officers have collaborated with the applicant in a positive and proactive manner. We assessed the proposal with regards to policies outlined in the National Planning Policy Framework, Unitary Development Plan Saved Policies, Local Development Framework Core Strategy Development Plan,

and other material considerations. No significant problems have arisen during the consideration of this application.

Condition(s) to be attached to decision for approval

1. **3-year time limit**

   The development must be begun not later than the expiration of three years beginning with the date of this permission.

   Reason - Required to be imposed pursuant to Section 91 of the Town and Country Planning Act 1990.

2. **Specified plans**

   The development hereby approved shall be carried out in accordance with the following drawings and documents:

   a. Drawing - Location Plan 08 Oct 2024 1159.000
   b. Drawing - Existing 08 Oct 2024 1159.001 PLANS AND ELEVATIONS
   c. Drawing - Proposed 08 Oct 2024 1159.002 PLANS AND ELEVATIONS

   Reason - To ensure that the development is carried out in accordance with the approved plans, pursuant to policies DM 1, SP 1 and EN 1 of the Core Strategy and JP-P1 of Places for Everyone.

3. **Specified materials**

   The materials to be used on the external surfaces hereby permitted shall match those as specified on the application form in type, size, colour, and texture.

   Reason - To ensure the appearance of the building to be extended is not adversely affected by the materials to be used in the construction of the structure. Pursuant to policies DM 1, SP 1 and EN 1 of the Core Strategy and JP-P1 of Places for Everyone.

4. **Obscured glazing**

   Before first occupation the windows in the proposed side elevation shall be obscure glazed to a specification of no less than level 5 of the Pilkington Glass Scale or such other alternative equivalent and shall remain so in perpetuity.

   Reason - To protect the amenity and living conditions of adjacent residential property from overlooking or perceived overlooking and in accordance with policies SP1 and DM1 of the Core Strategy.
