Dear Sir/Madam,

Application under Section 96a of the Town & Country Planning Act 1990 (as amended) for a Non-Material change to a planning permission

Application No: 140874/NMC/2024

Description: Non material amendment to Condition 2 (Approved drawings) attached to Planning Permission 132489/FO/2021 (as amended by 135938/NMC/2023 and 138008/NMC/2023) to replace louvred panels with decorative screens.

Location: Land Bounded By Great Ancoats Street To The North, Brownsfield Mill And A Surface Car Park To The East, A Surface Car Park To The South And Port Street To The West

I refer to your application for a non-material amendment to planning permission reference 132489/FO/2021.

Reason 1: Following an assessment of the details and plans submitted, it is confirmed that the proposed amendments are considered to be of a non-material nature and acceptable to the City Council as Local Planning Authority. The City Council is satisfied that the proposed changes will have no material impact upon the previously approved scheme and the works will not adversely affect visual or residential amenity within the area or will they have any significant material impact upon the overall quality of the development

Reason 2: The proposed amendments relate to changes resulting from design development which would improve the design quality of the proposed ventilation at ground floor level by introducing decorative screens to fit over the ground floor louvres.

Therefore I can confirm that the proposed amendments are hereby **approved**.

It should be noted that this letter of consent does not supersede the decision notice attached to planning permission 132489/FO/2021. These documents should be read in conjunction with one another. Therefore, the conditions previously applied to approval 132489/FO/2021 still apply to this development. However, due to the acceptance of the amendments outlined above, the following amended conditions also now apply:

2) The development hereby approved shall be carried out in accordance with the following drawings and documents:
