Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: As a long term resident of Piccadilly Gardens I am really concerned about the extension of the opening hours for MacDonald's. This will increase the anti social behaviour we currently experience as well as an increase in rubbish from this takeaway. In addition the noise impact and potential increase in deliveries will have a significant impact on our sleeping.

We are currently inundated with delivery cycles hanging around our front door, which will only increase as a consequence of this.

The Council are supposed to be investing in Piccadilly Gardens and I cannot understand how this has even been put forward for consultation.

Please remember this is our home and we are hoping that the way overdue investment will be step towards making Piccadilly Gardens the lovely, welcoming square it once was. Please please decline this proposal. Thank you.
