3. Description of Proposed Work

Please describe the proposals to alter, extend or demolish the listed building(s):

The Dover Street Building is grade II listed (listing no: 1282977) built in 1880-81. The building has been chosen to form part of the temporary decant strategy whilst the University carries out their decarbonisation programme. The Dover St Building will temporarily house some of the Zochonis Building tenants.

The proposed works include reuse of current rooms within the ground floor of Dover St Building and erection of 1 partition. New partitions are to be constructed not to affect existing features. 3 door openings made into an unoriginal wall. Some unoriginal floor finishes will be renewed due to wear. Some walls are to be decorated due to wear whilst matching to existing colour themes. Where possible we have chosen furniture based solutions in spaces, as not to compartmentalise the spaces further.
