Hi Emily,

It looks I had seen everything that I needed to last week, so I am not sure what the 'error' files were all about.

We can recommend discharge of conditions 10a and 10b.

Kind Regards

Hi Emily,

The screen shot is below with the files names which do not match the ones sent through (unless they have changed the names)

_2024.09.26 - kitchen vent equipme

_Purified Air Commissioning Certific

The files you attached were in one of the original zip files and I could open them. It may be that I had everything in the first place but the agent will need to confirm this

Hi Emily

I have broken the folder down a little and resent – just let me know these work

One folder is commissioning certificates and the other larger file is M&E consultants witnessing site photos.

Hope these work for you
