Delegated officer report for planning application

Application no. 140910/FH/2024

Date registered valid: 2 September 2024

Proposal: Erection of a single storey rear extension and alterations to front elevation in connection with the conversion of the garage into additional living accommodation.

Address: 79 Lawnhurst Avenue, Manchester, M23 9RW

Ward(s): Brooklands Ward

Applicant: Mr Osaigbovo Iyahan

Agent (if any): Mr David Huxley, Platinum Architecture

Case officer: Jake Walther
Tel: 0161 234 1632
Email: jake.walther@manchester.gov.uk

Recommendation: Approve

Date of recommendation: 18/10/2024

Application details

Type of application: Full Householder Application

Development type: Householder

Date of site visit: 09/10/2024

Standard consultations:

No consultations have been printed and sent.

No press advert had been published

Departure from Development Plan: No

Environmental Statement: Not required

Description of site/building

The application relates to a three-storey mid terrace class C3 dwellinghouse on Lawnhurst Avenue. The property is built from buff brick with slate roof tiles and features an internal garage and white framed windows. To the front there is hardstanding for car parking and to the rear there is a modest garden.

Listed building: Not applicable

Conservation area: Not applicable

Tree Preservation Order: Not applicable

Description of area

Lawnhurst Avenue is a residential street, off Moor Road in the Brooklands / Northern Moor area of Wythenshawe, adjacent to Wythenshawe Park. Moor Road Metrolink stop is in close proximity to the site with shops and services located on Altringham Road. The area is predominantly residential in terms of its character, comprising of 2-3 storey residential dwellings with apartment blocks located at the western end of the road.

Description of development

The applicant is seeking permission for the erection of a single storey rear extension as well as front elevation alterations in association with garage conversion to provide additional living accommodation.

Consultations & Notification Responses

Local residents, as per appendix 1 - no comments or objections received.

Policy

The Manchester Core Strategy Development Plan Document 2012-2027 –

The City Council adopted the core strategy on July 11, 2012. It is the key document in the Manchester Local Plan. The plan determines how Manchester will grow and forms the framework that planning applications are assessed against. We consider the following Core Strategy Policies relevant to this proposal.

- Policy DM1 – Development Management
- Policy SP1 – Spatial Principles
- Policy EN1 – Design Principles and Strategic Character Areas
- Policy EN19 – Waste

Extant Unitary Development Plan (UDP)

The Core Strategy replaced much of the UDP, but some UDP Development Control policies are extant (remain). The following extant policy is still considered relevant to this proposal.

- DC1 - Residential Extensions

Places for Everyone

Places for Everyone (2022-2039) – Places for Everyone is a long-term plan of nine Greater Manchester districts for jobs, new homes, and sustainable growth. It has been published by the GMCA on behalf of the nine districts and took effect and became part of the statutory development plan on March 21, 2024.

The following policies are relevant:

- S1- Sustainable development

The National Planning Policy Framework (December 2023)

The document sets out the Government's Planning Policies for England and how these are expected to be applied. At the heart of the Framework is a presumption in favour of sustainable development in terms, "For plan-making" and "For decision-taking", (paragraph 11).

Paragraph 8 - Achieving sustainable development means that the planning system has three overarching objectives, which are interdependent and need to be pursued in mutually supportive ways (so that opportunities can be taken to secure net gains across each of the different objectives):

- an economic objective
- a social objective and

- an environmental objective.

The following specific policies are considered to be particularly relevant to the proposed development:

- Chapter 8. Promoting healthy and safe communities.
- Chapter 12. Achieving well-designed and beautiful places.

Principle

The submitted application is for the erection of single storey rear extension and elevation alterations associated with garage conversion to form additional living accommodation. This is considered acceptable in principle as many people prefer to alter or extend homes, rather than move, to meet the changing residential needs of families. However, consideration must be given to the proposal's appearance, impact on the visual amenity of the area and impact on the neighbouring properties' residential amenity. As the property is to remain a single family dwellinghouse it is not considered that the proposed alteration would give rise to any significant additional waste or car parking pressures.

In this instance the principle of the proposal is considered acceptable, and it is not believed that there are any factors of sufficient weight in amenity terms that would warrant refusal of the application. The proposed extension is deemed to accord with saved policy DC1 of the UDP and policies DM1 and SP1 of the Manchester Core Strategy.

Sitting, Scale and Mass

The proposed extension would be sited at the rear of the property, with a flat roof that has a maximum height of 3000mm, it would have a total rear projection of 3037.5mm and would span the width of the property at 4500mm.

The 3037.5mm rearward projection does not exceed the limit stipulated within policy DC1 of the UDP (of 3650mm), and the height of 3000mm and use of a flat roof is fairly standard for a single storey extension. As such, the development is considered to be subservient to the host dwellinghouse in terms of its dimensions and would not result in 'excessively large or bulky' addition to the property.

Residential Amenity

Given that the extension would be single storey with a maximum roof height 3000mm and a total rear projection of 3037mm, it is considered that the proposal should not cause issues associated with overshadowing, loss of light, or loss of outlook, nor should it introduce an overbearing presence into the area. Moreover, its blank side elevations should ensure that the privacy of neighbouring occupiers is not infringed upon.

There are glazed doors proposed on the rear elevation measuring 3150mm in width, with a window and brick infill to the front elevation, the side elevations would remain blank. It is not anticipated that the new glazed doors and window will cause any privacy issues for the residents or neighbours.

In addition, no objections have been received in response to the application.

The proposal therefore accords with policies SP1 and DM1 of the Core Strategy.

Design and Visual Amenity

The proposed rear extension would be built of buff brick to match the host dwellinghouse, with a black flat roof with a large rooflight, and glazed uPVC rear doors. Its side elevations would be blank and featureless. The front elevation alterations include infilling part of the garage door

with brickwork to match the existing house, with a white framed uPVC window to match the existing front window.

The proposal is relatively standard in terms of its design and scale for developments of this type and would be in-keeping with the existing precedent of residential extensions in this locale. The rear extension would not be visible within the street scene or public realm and, as such, should have a minimal impact upon the visual amenity of the area. The front elevation alterations make use of matching materials to blend in with the main house, thus ensuring that it does not form a prominent visual feature on the street scene. Hence, the overall character of the property and its surrounding area should not be significantly harmed by these works.

The design and appearance of the proposed developments therefore accords with Core Strategy policies DM1 and SP1 as well as chapter 12 of the NPPF as their impact upon visual amenity is considered to be minor.

Parking

The current parking arrangements would be unaffected by this proposal.

Waste Storage

The storage of refuse bins would not be affected by the proposal.

Conclusion

Given the above issues, it is considered that the proposed rear extension and elevation alterations are acceptable in terms of its principle, siting, scale and massing, appearance, and impact upon existing levels of visual and residential amenity as well as waste storage and parking as it broadly complies with policy DC1 of the UDP, policies DM1, SP1, EN1 and EN19 of the Core Strategy and chapter 12 of the NPPF.

Other Legislative Requirements

Equality Act 2010

Section 149 (Public Sector Equality Duty) of the Equality Act 2010 requires due regard to the need to: Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act and; Advance equality of opportunity between persons who share a protected characteristic and persons who do not share it. The Equality Duty does not impose a legal requirement to conduct an Equality Impact Assessment. Compliance with the Equality Duty involves consciously thinking about the aims of the Equality Duty as part of the process of decision-making.

Human Rights Act 1998 considerations

This application needs to be considered against the provisions of the Human Rights Act 1998. Under Article 6, the applicants (and those third parties, including local residents, who have made representations) have a right to a fair hearing and to this end the local planning authority must give full consideration to their comments.

Protocol 1 Article 1, and Article 8 where appropriate, confer(s) a right of respect for a person's home, other land and business assets. In taking account of all material considerations, including Council policy as set out in the Core Strategy and saved policies of the Unitary Development Plan, the Director of Planning, Building Control & Licensing has concluded that some rights conferred by these articles on the applicant(s)/objector(s)/resident(s) and other occupiers and owners of nearby land that might be affected may be interfered with but that that interference is in accordance with the law and justified by being in the public interest and on the basis of the planning merits of the development proposal. She believes that any restriction on these rights posed by the recommendation given is proportionate to the wider benefits of and that such a

decision falls within the margin of discretion afforded to the Council under the Town and Country Planning Acts.

Recommendation: Approve

Article 35 Declaration

Officers have worked with the applicant in a positive and proactive manner based on seeking solutions to problems arising in relation to dealing with the planning application. No significant problems have arisen during the consideration of this application and the application has been determined in a timely manner, in accordance with the policies with the Development Plan.

Condition(s) to be attached to decision for approval OR Reasons for recommendation to refuse

1. 3-year time limit:

The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason - Required to be imposed pursuant to Section 91 of the Town and Country Planning Act 1990.

2. Specified plans:

The development hereby approved shall be carried out in accordance with the following drawings and documents:

- a. Drawing – Location Plan and Site Plan – 15 October 2024
- b. Drawing – Proposed Elevations 02 September 2024
- c. Drawing – Proposed Floor Plans 02 September

Reason - To ensure that the development is carried out in accordance with the approved plans, pursuant to policies DM1, SP1 and EN1 of the Core Strategy.

3. Specified materials:

The materials to be used on the external surfaces hereby permitted shall match those as specified on the application form in type, size, colour, and texture.

Reason - To ensure the appearance of the building to be extended is not adversely affected by the materials to be used in the construction of the structure. Pursuant to policies DM1, SP1 and EN1 of the Core Strategy.

4. Additional glazing restriction:

Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (Amendment) Order 2015, (or any order revoking and re-enacting that Order with or without modification), no additional glazing, windows, or doors, other than those shown on the approved plans, shall be inserted at the property unless Planning Permission is specifically granted.

Reason - In the interests of the amenities of the occupiers of the neighbouring residences, pursuant to policy DM 1 of the Core Strategy for the City of Manchester and saved policy DC1 of the Unitary Development Plan.
