Description of Site/Area

Listed building: Not applicable

Conservation area: Not applicable

Tree Preservation Order: Not applicable

The site is two of the buildings run by Vita Living. at the Circle Square development off Oxford Road.

The Circle Square development is situated right off Oxford Road, which is part of a major radial entry route and bus route into the City Centre from South Manchester and cuts through the Higher Education Precinct and the Oxford Road Corridor.

The development consists of modern mixed-use building that includes offices with rooftop restaurant with a mix of approved ground and mezzanine floor commercial uses, as well as residential uses.

The entrances to both buildings where the signs are situated are not located directly on to the public highway. They are instead inset within covered passages through the buildings.

The site is not within a Conservation Area. There are no listed buildings within the close vicinity of the areas of the development in question.

The surrounding uses of buildings with the area include education, residential properties, hotels, takeaways, restaurants, bars, shops, bank, a train station and a theatre.

Description of Development

The proposals seek the retention of 2no. internally illuminated individual letter signs.

The signs are as a part of the re-branding of two buildings.

The signs consist of aluminium built-up letters with 50mm deep returns and opal acrylic faces mounted to an aluminium tray fixed via angles to the cladding. The sign will illuminate a neutral white and the individual letters are coated in Interpon D2525 - YW283F Bronze, matt.

Consultations & Notification Responses

Highway Services - Confirmed that the signage complies with headroom and carriageway clearance requirements.

Environmental Health – Requested that a condition be added to control luminance.

Publicity - Neighbour notification letters were sent to surrounding properties. At the time of writing this report, no representations have been received because of this publicity.

Policy

Town and Country Planning (Control of Advertisements) Regulations 2007

(1) A Local planning authority shall exercise its powers under these Regulations in the interests of amenity and public safety, taking into account—

- (a) the provisions of the development plan, so far as they are material; and
- (b) any other relevant factors.

(2) Without prejudice to the generality of paragraph (1)(b)—

- (a) factors relevant to amenity include the general characteristics of the locality, including the presence of any feature of historic, architectural, cultural or similar interest;
- (b) factors relevant to public safety include—
 - (i) the safety of persons using any highway, railway, waterway, dock, harbour or aerodrome (civil or military);
 - (ii) whether the display of the advertisement in question is likely to obscure, or hinder the ready interpretation of, any traffic sign, railway signal or aid to navigation by water or air;
 - (iii) whether the display of the advertisement in question is likely to hinder the operation of any device used for the purpose of security or surveillance or for measuring the speed of any vehicle.

(3) In taking account of factors relevant to amenity, the local planning authority may, if it thinks fit, disregard any advertisement that is being displayed.

(4) Unless it appears to the local planning authority to be required in the interests of amenity or public safety, an express consent for the display of advertisements shall not contain any limitation or restriction relating to the subject matter, content, or design of what is to be displayed.

The Adopted Core Strategy for the City of Manchester

Adopted on 11th July 2012 and the Key Development Plan Document in the Local Development Framework. It states that all new developments should follow the 'Development Principles' and accord with the design guidance set out in the Supplementary Planning Documents.

DM1 (Development Management) states that new development should have regard to more specific issues for which more detailed guidance may be given within supplementary planning documents. Issues include: the appropriate siting and appearance of development, the impact upon the surrounding area, the effects on amenity, accessibility, community safety and crime prevention, health, the adequacy of internal accommodation and amenity space and refuse storage/collection.

SP1 (Spatial Principle) refers to the key spatial principles which will guide the strategic development of Manchester together with core development principles. It is stated that developments in all parts of the city should create well designed places which enhance or create character, make a positive contribution to the health, safety, and well-being of residents, consider the needs of all members of the community, and protect and enhance the built environment. Further, development should seek to minimise emissions, ensure the efficient use of natural resources, reuse previously developed land wherever possible, improve access to jobs, services and open space and provide good access to sustainable transport provision.

CC9 (Design and Heritage) advises that design of new buildings will need to be of the highest standard in terms of appearance and function. The standards and guidance explained in other LDF policies should be the basis for the approach to design, with particular attention to be given to the City Centre context and character.

Development in Manchester City Centre should preserve or enhance the heritage assets that have been identified, including listed buildings, conservation areas and scheduled ancient monuments.

The Council will support high density and mixed-use development in the City Centre, but developers must recognise the specific design challenges that must be overcome to ensure complementarity of function and form. New development must support the range of uses the Council expects in the City Centre and contribute to a coherent and integrated physical environment.

EN1 (Design Principles and Strategic Character Areas) advises that developers will be expected to consider the City's heritage, including its listed buildings, conservation areas, archaeological remains and historic street pattern.

The Unitary Development Plan (UDP) for the City of Manchester

DC14.1 (Shops and Related Signs) states that in determining applications relating to these premises for shop fronts, security grilles, advertisement signs, canopies and awnings, the Council will seek to ensure that proposals are in keeping with the character of the building and adjoining buildings, of adjoining shopfronts, where appropriate, and of the area within which the premises are located.

DC14.5 (Shops and Related Signs) states that the Advertisement Regulations require that applications for shop signs be considered only in the interests of amenity and public safety. In determining such applications, the Council will adopt the following policies. The policies relevant to this application are:

- a) signs should not normally be positioned other than at fascia level.
- b) signs should respect the architectural form of buildings and shop frontages.
- c) where no obvious fascia level exists, signs above shopfronts should be in keeping with the scale of the frontage of the building and in particular should not fill the gap between ground floor shop windows and first floor windows.

d) projecting signs, or any other type of sign which projects significantly beyond the shopfront, should line up with the associated fascia board. Where this is not the case, such proposals will not be permitted.

e) The Council will normally permit only one projecting box sign for each shop unit. On listed buildings and on buildings within Conservation Areas, signs consisting of individually mounted letters will be preferred to box fascia signs.

f) fixed canopies mounted above fascia level or which obscure the fascia or shopfront will not normally be permitted, unless within a structural opening;

g) long canopies which ignore the architectural form of frontages will not normally be permitted.

Places for Everyone

The Places for Everyone Plan is a Joint Development Plan Document, providing a strategic plan and policies, for nine of the 10 boroughs which make up Greater Manchester.

The following policies are considered relevant to this application:

JP-Strat2 (City Centre) states that the role of the City Centre as the most significant economic location in the country outside London will be strengthened considerably. The City Centre will continue to provide the primary focus for business, retail, leisure, culture and tourism activity in Greater Manchester, but the increasingly important residential role of the City Centre will be expanded. It will be a priority for investment in development and infrastructure. This will include addressing current network capacity issues in the City Centre which will enable the future expansion of the rapid transit public transport network across Greater Manchester. Improvements in the public realm, walking and cycling facilities, and green infrastructure will help to enhance the local character and environmental quality of the City Centre so that it can rival city centres across the globe, enabling it to compete effectively at the international level for investment, businesses, skilled workers, residents and tourists. A broad range of commercial accommodation will be delivered, helping the City Centre to capture growth across key economic sectors. The new functions within the City Centre will be delivered in a way that complement, rather than displace the area's non-residential functions and will seek to protect and enhance the city centre's historic environment and assets.

National Planning Policy Framework (NPPF) (2023)

It is a fundamental requirement of the NPPF that planning proposals contribute to the achievement of "sustainable development".

Section 12 (Achieving Well Designed Places) advises that the government attaches great importance to the design of the built environment. Good design is a key aspect of sustainable development, is indivisible from good planning, and should contribute positively to making places better for people.

Paragraph 141 states:

"The quality and character of places can suffer when advertisements are poorly sited and designed. A separate consent process within the planning system controls the display of advertisements, which should be operated in a way which is simple, efficient, and effective. Advertisements should be subject to control only in the interests of amenity and public safety, taking account of cumulative impacts."

Former BBC SRF (2013)

A Strategic Regeneration Framework (SRF) was endorsed by the City Council in July 2013. This encompassed the former BBC site along with Armstrong House, the Manchester Technology Centre and City Council land at the junction of Upper Brook Street / Mancunian Way. The former BBC site was acquired by Bruntwood in March 2015, who developed a revised Masterplan which reflected the commercially-led vision of the SRF. This was endorsed by the Council's Executive Committee in April 2015 and identified early interventions that would provide the basis for the long term redevelopment of the Site. The Council's Executive endorsed a Delivery Strategy and Phasing Plan for the Site on 29 July 2015.

The SRF seeks to promote employment-led regeneration that would contribute to sustained economic growth and the competitiveness of the City. It promotes the expansion of the city core, providing opportunities to maximise local employment with improved links into adjacent communities. It acknowledges that opportunities to provide the type of accommodation required by the next generation of occupiers are limited in the city centre. Development principles are identified to deliver a high quality, vibrant and sustainable urban neighbourhood with a distinctive sense of place that is integrated functionally and physically with the wider area. This includes: the development of high quality, contemporary commercial buildings, complemented by residential, hotel, leisure or institutional space; the creation of vibrancy and vitality across the site to create a sense of place; and, the creation of a critical mass of economic activity to promote and encourage investment and growth opportunities.

Issues

The main issues for consideration relate to the principle of the proposal, as well as, in accordance with the advertisement regulations, the acceptability of the proposal in terms of its impact upon visual amenity and upon public safety. In judging this, the provisions of the development plan and any other relevant factors, so far as they are material, must be taken into account.

The Principle of the Proposal

The principle of the proposal is considered to be acceptable in this case. Signage of this manner is considered appropriate in order to advertise a commercial premises and to provide landscaping.

Visual Amenity

The retention of the two internally illuminated individual letter signs feature slim profile backing plates that blend in well with the surrounding elevation of the building.

If the backing plate were considered to be too bulky and to project out from the elevation, therefore creating an incongruous appearance on the building, then this would not be supported, but a slim profile backing plate such as this with individual letters on top of the backing plate is considered to be a high quality solution to building signage and this approach is supported by the City Council.

The fact that the colour of the backing plate blends in with the colour of the rest of the lower-level elevation of the building is also considered to mitigate any visual amenity impact that the installation of the signage could cause.

The fact that the signage blends in well with both the architecture and design of the host building, as well as the character and appearance of the surrounding area is considered to be compliant with UDP policy DC14.1. and Core Strategy policies DM1 and SP1.

The signs are positioned at fascia level, which is compliant with part a of UDP policy DC14.5.

Installed sign to be retained (1)

Installed sign to be retained (2)

Public Safety

The luminance levels of the signage are 300cd/m² and are therefore within an acceptable range to not cause any distraction to passing pedestrians or road users, or to cause a disturbance to any nearby commercial occupiers. A condition has been added to ensure that the proposed luminance levels are controlled and complied with.

The signage complies with headroom and carriageway clearance requirements.

The signs will not project over the adopted highway and will therefore not require a projection over licence.

Overall, there are no public safety concerns with the proposed signage.

Conclusion

Given the above, the proposal is considered to be consistent with the Core Strategy for the City of Manchester, in particular DM1 (Development Management) and SP1 (Spatial Principles), the saved policies contained within the Unitary Development Plan for Manchester, in particular DC14 (Shop fronts and Related Signs), and the National Planning Policy Framework, in particular Section 12 (Achieving Well Designed Places).

Other Legislative Requirements

Equality Act 2010

Section 149 (Public Sector Equality Duty) of the Equality Act 2010 requires due regard to the need to: Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act and; Advance equality of opportunity between persons who share a protected characteristic and persons who do not share it. The Equality Duty does not impose a legal requirement to conduct an Equality Impact Assessment. Compliance with the Equality Duty involves consciously thinking about the aims of the Equality Duty as part of the process of decision-making.

Human Rights Act 1998 considerations

This application needs to be considered against the provisions of the Human Rights Act 1998. Under Article 6, the applicants (and those third parties, including local residents, who have made representations) have a right to a fair hearing and to this end the local planning authority must give full consideration to their comments.

Protocol 1 Article 1, and Article 8 where appropriate, confer(s) a right of respect for a person's home, other land and business assets. In taking account of all material considerations, including Council policy as set out in the Core Strategy and saved policies of the Unitary Development Plan, the Director of Planning, Building Control & Licensing has concluded that some rights conferred by these articles on the applicant(s)/objector(s)/resident(s) and other occupiers and owners of nearby land that might be affected may be interfered with but that that interference is in accordance with the law and justified by being in the public interest and on the basis of the planning merits of the development proposal. She believes that any restriction on these rights posed by the recommendation given is proportionate to the wider benefits of and that such a decision falls within the margin of discretion afforded to the Council under the Town and Country Planning Acts.
